Manual Leica V Lux :

Photographer's Guide to the Leica D-Lux 6 Alexander S. White, 2013-03-03 The Leica D Lux 6 is one of the top choices for photographers who want an advanced camera they can carry around to capture great images without the complication and weight of a DSLR or other large camera With features such as a very fast lens with an aperture of f 1 4 excellent image quality and a solid array of burst shooting capabilities the D Lux 6 has attracted an enthusiastic following However the camera does not come with a detailed printed manual for reference making it hard for users to find answers to questions about the use of the camera s many controls menus and features With the release of this guide book to the D Lux 6 White Knight Press has provided users with a comprehensive guide to all operations of this sophisticated camera Using a patient tutorial like approach the book provides guidance to beginning and intermediate photographers about how to accomplish things with the D LUX 6 as well as when and why to use the camera s many controls menus options and other features The book does not assume specialized knowledge by the reader as it explains topics such as autofocus manual focus depth of field aperture priority shutter priority exposure bracketing white balance and ISO sensitivity The book also provides details about the camera s numerous options for playback setup and customizing the operation of the various buttons and other controls The book contains approximately 400 photographs almost all in full color illustrating the D Lux 6 s controls shooting screens and menus The images also provide examples of the various types of photographs that can be taken using the many creative settings of the camera including the Creative Control settings which let the photographer alter the color processing and other aspects of images the Scene shooting mode with settings that are optimized for various subjects including landscapes portraits and action shots the Photo Style menu option which provides the ability to customize the appearance of images and the camera s strong array of features for continuous shooting and shooting in dim lighting In addition the book goes beyond the bounds of everyday photography and introduces more advanced topics such as infrared photography street photography digiscoping astrophotography and High Dynamic Range HDR photography The book also includes a full discussion of the video recording abilities of the D Lux 6 which can shoot high definition HD video with stereo sound and which offers manual control of exposure and focus during movie recording In three appendices the book provides information about accessories for the D Lux 6 including cases external flash units viewfinders and filter adapters and includes a list of web sites and other resources for further information The book includes a detailed appendix with helpful Quick Tips with insights into how to take advantage of the camera s features in the most efficient ways possible *The British Journal of Photography* ,2008 Electronics Buying Guide Consumer Reports,2007-09-18 A consumer guide integrates shopping suggestions and handy user tips as it describes and rates dozens of digital electronic products including cell phones digital cameras televisions computers and home theater products Electronics Buying Guide ,2008 Nighttime Digital Photography with Adobe Photoshop CS3 John Carucci,2007-08-24 Nighttime photography often

transforms otherwise mundane subject matter into spectacular images such as a warmly lit subject positioned against a rich blue sky or the red yellow and green swirls of an amusement park ride Capturing these images can be challenging though Nighttime Digital Photography with Adobe Photoshop CS3 explains why night photos turn out the way that they do and shows how to avoid correct and take advantage of each low light situation The operation of cameras computers printers and software is covered step by step with creative enhancement and other advanced techniques in Adobe Photoshop CS3
