Australia's Toxic Medical Culture Vicki Adele Pascoe, 2018-10-11 This book explores dominance in Australia s medical culture through the positioning of

international medical graduates IMGs It argues that IMGs are othered and ultimately positioned as an underclass a positioning validated and reinforced by the intersecting inequalities of class race and nation It also suggests that the positioning of IMGs is organised through the dimensions of structural power hegemonic power and interpersonal power which allow an exploration of power relations between the structures of the health system the Australian medical profession and the agency of IMGs The Australian narrative presented to the world espouses a community of social justice and human rights Instead an historical lens traces the formation and persistence of difference represented in ethnocentrism racism and xenophobia from 1788 to the present The research presented is multidisciplinary in scope An anti oppressive theoretical framework enables the voices of lived experience to penetrate throughout and a social justice platform engages the participants and the reader into the interwoven conversations The data set comprises a focus group 10 individual interviews with IMGs and a selection of inquiry submissions revealing rich and sometimes shocking evidence to paint a stark picture Other medical voices join the conversation via media responses to revelations of experiences not only by IMGs but also by Australian trained doctors It exposes a toxic culture endemic with bullying and sexual harassment This book is of interest to practitioners researchers and administrators in the fields of medical education human resource management legal studies health sciences social sciences health services government departments universities and hospitals as well as those tasked with duty of care and the provision of a safe workplace The voices gifted to this study raise awareness of current issues within medicine in Australia at a very personal level and begin to formulate a policy and practical response to address these disturbing revelations

Policy **EBOOK: Key Concepts in Counselling and Psychotherapy: A Critical A-Z Guide to Theory** Vicki Smith, Patrizia Collard, Paula Nicolson, Rowan Bayne, 2012-05-16 This book provides a very good introduction to the key concepts and theories that inform and frame the current psychotherapeutic and counselling landscape. Each author has written on a selection of basic concepts as they are approached in their preferred therapeutic modality, resulting in an exciting and inclusive overview of both old and contemporary psychotherapeutic thought. In addition, each author is mindful of the importance of a critical appraisal of the various concepts and theories. Thus, this book will be extremely useful both for trainees and practitioners. Dr Anastasios Gaitanidis, Senior Lecturer, University of Roehampton, London, UK. As well as being an invaluable source of knowledge about all aspects of counselling and psychotherapy, this book is a real pleasure to read. The authors have been able to capture the essence of ideas, traditions, and key figures in a way that is accessible and a consistent source of delight and illumination. Highly recommended for anyone wishing to expand their psychotherapeutic horizons. John McLeod, Emeritus Professor of Counselling, University of Abertay Dundee, UK. This book does what it says on the tin: it highlights the key concepts and theories in the field of counselling and psychotherapy. It is a systematic and encyclopaedic voyage of all the central constructs in the field. It is very well written, snappy, and thorough, but more important, it serves a vital need of putting in one place all the theories and concepts needed by anyone interested in counselling and psychotherapy. Cary L. Cooper, CBE, Professor of Organizational Psychology and Health, Lancaster University, UK, and President of BACP. This is an invaluable guide for anyone wanting easily accessible information about counselling theory and practice. It will be as useful to trainees sitting as counsellors as to experienced practitioners wanting to update their knowledge on the latest thinking. Tim Bond, University of Bristol, UK. This helpful book offers a concise overview of core concepts within the four dominant approaches to counselling and psychotherapy: psychodynamic, humanistic, existential, cognitive-behavioural, and integrative. The book aims to assist you in developing your critical thinking and essay writing skills and includes over 140 entries, each between 500 and 1200 words. Critical and engaging discussions of core concepts. Biographical sketches of leading theorists including Freud, Jung, and Rogers. Using the popular alphabetical format, *Key Concepts in Counselling and Psychotherapy* is an ideal first source for students with an essay on counselling theory, to write a case study, to analyse a belief or assumption, to challenge, or a question to explore. It will also appeal to practitioners or academics wanting to refresh their knowledge of theory and research.

Learning Disability Nursing Ruth Northway, Paula Hopes, 2025-02-28 Explores all aspects of professional development in learning disability nursing, from the foundations to advanced practice. Key themes running through the book include the importance of a human rights and values-based approach, the development of person-centred approaches to care and support, and the need to work in partnership with key stakeholders, including people with learning disabilities and their families. It encourages readers to make links between theory and practice and to develop their skills in critical thinking through case studies and reflective activities. This is a must-have book for all undergraduate nurses.
