Key Concepts In Migration Sage Key Concepts Series:

Key Concepts in Migration David Bartram, Maritsa V Poros, Pierre Monforte, 2014-04-14 Demonstrates that the study of international migration has really come of age From acculturation to undocumented immigration the authors consider more than three dozen concepts at the heart of migration studies Clearly written in a highly readable style the book is a valuable resource for students and scholars alike Nancy Foner City University of New York This very useful and authoritative compendium explicates thirty eight concepts central to analysis of international migration It is accessible to undergraduate students and even can enrich graduate courses It nicely complements books like *The Age of Migration* or *Exceptional People* Concision is a virtue Mark J Miller University of Delaware This book provides lucid and intuitive explanations of the most important migration concepts as used in classrooms among policymakers and in popular and academic discourse Arguing that there is a clear need for a better public understanding of migration it sets out to clarify the field by exploring relevant concepts in a direct and engaging way Each concept Includes an easy to understand definition Provides real world examples Gives suggestions for further reading Is carefully cross referenced to other related concepts It is an ideal resource for undergraduate and post graduate students studying migration in sociology politics development and throughout the social sciences as well as scholars in the field and practitioners in governmental and non governmental organizations

Gendered Migrations Jannatul Ferdous, 2024-03-21 This book delves into the multifaceted interplay between gender migration and development It challenges conventional theories by sharing the unique experiences of migrants particularly women and their profound impact on development in the global South It contributes significantly to the theory of intersectionality which illuminates how various forms of oppression and privilege intertwine to shape individuals experiences It ventures beyond traditional boundaries recognizing migration and development as transnational processes that transcend singular actors and spaces It highlights the interconnectedness of people cultures and economies across national borders unraveling the complex tapestry of migration and development It provides invaluable feminist perspectives illuminating pathways toward inclusivity and equity in development Through its nuanced analysis this book paves the way for a more inclusive equitable and empowering future for individuals and communities It is a valuable resource for policymakers practitioners and scholars seeking to promote social justice and gender equality in migration and development contexts

Where is the Field? Laura Hirvi, Hanna Snellman, 2012-11-09 The book sheds light on the experiences of immigrants in different parts of the world and other insightful reflections on the art of carrying out fieldwork in the present day when the task of locating the field seems to present a particular challenge for researchers This book is of interest to experienced ethnographers working in the discipline of migration studies and also to scholars conducting ethnographic research in other fields

Gender and Migration Anastasia Christou, Eleonore Kofman, 2022-03-07 This open access short reader offers a critical review of the debates on the transformation of migration and gendered mobilities primarily in Europe though also

engaging in wider theoretical insights Building on empirical case studies and grounded in an analytical framework that incorporates both men and women masculinities sexualities and wider intersectional insights this reader provides an accessible overview of conceptual developments and methodological shifts and their implications for a gendered understanding of migration in the past 30 years It explores different and emerging approaches in major areas such as gendered labour markets across diverse sectors beyond domestic and care work to include skilled sectors of social reproduction the significance of families in migration and transnational families displacement asylum and refugees and the incorporation of gender and sexuality in asylum determination academic critiques and gendered discourses concerning integration often with the focus on Muslim women The reader concludes with considerations of the potential impact of three notable developments on gendered migrations and mobilities Black Lives Matter Brexit and COVID 19 As such it is a valuable resource for students academics policy makers and practitioners Migrant Women's Voices Linda McDowell, 2016-02-25 Between 1945 and the new century millions of women including mothers and migrants joined the labour force These changes are brought to life through the stories of migrant women working in factories and hospitals banks care homes shops and universities over a period of 60 years *Migrant Women's Voices* is an autobiography of the post war period as Britain became a multi cultural society and waged work the norm for most women McDowell illustrates the shift in migration patterns as post imperial migrants to the UK replaced the immediate post war pattern of migrants from war torn Europe and who were then themselves joined by migrants from an increasingly diverse range of countries as the 20th century drew to a close Sociology: The Key Concepts John Scott, 2006-09-27 Bringing together an international range of highly regarded contributors from the full spectrum of disciplines this is an essential A Z reference guide to the full range of sociological thought Women, Migration and Gendered Experiences Ermira Danaj, 2022-03-09 This open access book focuses on Albanian internal and international female migration and places gender at the heart of postsocialist transformation It explores the vulnerabilities that arise for female citizens from the contradictory policies produced by the Albanian state By illuminating the intersection of gender and migration it shows how Albanian women are likely to embed themselves in complex social relations and migration trajectories By focusing on various cases internal international return economic and student female migrants the book underlines that migration does not follow any kind of evolutionary development according to which women go from traditional to modern gender relations By providing a compelling account on the complex negotiations and tactics women employ to deal with gender inequalities this book leads to a better understanding of gender and migration entanglements It is a useful read to students academics in migration and gender studies as well as social scientists and policy makers in European countries *A Microhistory of Early Modern Transatlantic Migration* Alejandro Salamanca Rodríguez, 2025-03-25 This microhistory of early modern transatlantic migration follows the journey of the *Agata* a Dutch frigate hired by Spanish merchants in 1747 to travel between Cádiz and Veracruz Manned by

migrants from across Europe the *Agata* was intercepted by British privateers on its return trip an event that led to the preservation of most of the documents on board including a collection of personal letters Through a microscopical lens this book delves into the lives of some of the migrants linked to the *Agata* either as members of the crew a ship after all is a moving workplace as passengers or as people sending letters through the ship Their stories and anecdotes illustrate how early modern migrants in the Spanish Atlantic navigated the often restrictive migration laws stayed connected with family and friends back home sent remittances and gifts and built networks to support new migrants *A Microhistory of Early Modern Transatlantic Migration* is written for anyone interested in the history of migration regardless of their familiarity with the specific historical context It aims to engage both specialists and general readers interested in migration labour seafaring and social history This book also seeks to bridge some gaps between contemporary migration studies and migration history serving as an introduction to these fields for non specialist readers while providing new insights from unpublished sources not previously examined by other historians and offered in translation *Rethinking Case Study Research* Lesley Bartlett, Frances Vavrus, 2016-11-10 Comparative case studies are an effective qualitative tool for researching the impact of policy and practice in various fields of social research including education Developed in response to the inadequacy of traditional case study approaches comparative case studies are highly effective because of their ability to synthesize information across time and space In *Rethinking Case Study Research A Comparative Approach* the authors describe explain and illustrate the horizontal vertical and transversal axes of comparative case studies in order to help readers develop their own comparative case study research designs In six concise chapters two experts employ geographically distinct case studies from Tanzania to Guatemala to the U S to show how this innovative approach applies to the operation of policy and practice across multiple social fields With examples and activities from anthropology development studies and policy studies this volume is written for researchers especially graduate students in the fields of education and the interpretive social sciences
