Key Houses Of The Twentieth Century Plans Sections And Elevations:

Key Houses of the Twentieth Century Colin Davies,2006 Featuring over 100 of the most significant and influential houses of the twentieth century For each of the houses included there are numerous accurate scale plans showing each floor together with elevations sections and site plans where appropriate All of these have been specially drawn for this book and are based on the most up to date information and sources Plans, Sections and Elevations Richard Weston,2004 CD ROM contains files for all of the plans sections and elevations included in the book Key Houses of the Twentieth Century Colin Davies,2006-10-17 A companion to the popular Key Buildings of the Twentieth Century this book includes classic residential works by such seminal architects as Le Corbusier Frank Lloyd Wright Mies van der Rohe and Alvar Aalto as well as houses by more recent masters such as Tadao Ando Rem Koolhaas and Glen Murcutt It provides accurate scale plans of every floor together with elevations sections and site plans where appropriate for each house All have been specially drawn for the purpose and are based on the most up to date information and sources Amplified with full color views of the houses a concise text explains the significant architectural features of each building and the influences it shows or generated Cross references to other buildings in the book highlight the various connections between these key houses The introduction discusses the idea of an architectural canon of houses and gives an overview of the development of the house in the twentieth century The quality and number of the drawings allow the houses to be understood in detail and together with the authoritative text and images make this book indispensable for all students of modern architecture As an added bonus the book includes a CD ROM containing digital files of all the drawings **Key Urban Housing of the Twentieth Century** Hilary French,2008-10-28 A collection of housing designs built over the last hundred years illustrating innovative approaches Fourth in the Key series with newly drawn plans suitable for study in architecture schools this volume will appeal to students of urban design and planning as well as architecture Key developments covered include early apartment blocks the projects of European modernism high rise and large scale schemes and postmodernism Exterior and interior photographs show materials massing and context 150 color photographs 500 line drawings **Key Buildings of the Twentieth Century** Richard Weston,2004

Drawing Architecture and the Urban Sam Jacoby,2016-04-25 Drawing is an important means to analyse information and develop rigorous arguments both conceptually and visually Going beyond the how to drawing manual this book provides an instrumental approach to drawing especially computer generated drawings it outlines how drawings should be used to convey clear and analytical information in the process of design as well as the communication and discussion of a project In depth examples are provided how to communicate effectively The final section demonstrates how to transform case studies directly connecting an analytical approach with the design process **Modern in the Middle** Susan Benjamin,Michelangelo Sabatino,2020-09-01 The first survey of the classic twentieth century houses that defined American Midwestern modernism Famed as the birthplace of that icon of twentieth century architecture the skyscraper Chicago also

cultivated a more humble but no less consequential form of modernism the private residence Modern in the Middle Chicago Houses 1929 75 explores the substantial yet overlooked role that Chicago and its suburbs played in the development of the modern single family house in the twentieth century In a city often associated with the outsize reputations of Frank Lloyd Wright and Ludwig Mies van der Rohe the examples discussed in this generously illustrated book expand and enrich the story of the region s built environment Authors Susan Benjamin and Michelangelo Sabatino survey dozens of influential houses by architects whose contributions are ripe for reappraisal such as Paul Schweikher Harry Weese Keck Keck and William Pereira From the bold early example of the Battledock House by Henry Dubin 1930 to John Vinci and Lawrence Kenny s gem the Freeark House 1975 the generation spanning residences discussed here reveal how these architects contended with climate and natural setting while negotiating the dominant influences of Wright and Mies They also reveal how residential clients typically middle class professionals progressive in their thinking helped to trailblaze modern architecture in America Though reflecting different approaches to site space structure and materials the examples in Modern in the Middle reveal an abundance of astonishing houses that have never been collected into one study until now

Disabling Domesticity Michael Rembis, 2016-12-20 Bringing together a range of authors from the multidisciplinary field of disability studies this book uses disability and the experiences of disabled people living in the United States and Canada to explore and analyze dynamic sites of human interaction in both historical and contemporary contexts to provide readers with new ways of envisioning home care and family Contributors to Disabling Domesticity focus on the varied domestic sites where intimate and interdependent human relations are formed and maintained Analyzing domesticity through the lens of disability forces readers to think in new ways about family and household forms care work an ethic of care reproductive labor gendered and generational conflicts and cooperation ageing dependence and local and global economies and political systems in part by bringing the notion of interdependence which undergirds all of the chapters in this book into the foreground

Design for Adaptability in Mass Housing Guopeng Li, 2020-11-05 Before discussing the research itself in greater depth it is beneficial at this stage to introduce the background to the research To do so the chapter is divided into four parts The first part of the chapter summarises terminologies associated with adaptability and goes on to define and elaborate on the meaning of adaptability in this research study The second part of this chapter defines mass housing the development of mass housing and its problems are also illustrated In the third part as the key solution for addressing housing occupants requirements and accommodating changes the importance of adaptability in improving overall housing quality particularly from a social financial and environmental point of view is outlined The sustainability of adaptability is also discussed Even though studies of adaptability have been developed structurally functionally technically and financially adaptability still occupies a marginal position due to the production of mass housing The final part of the chapter rethinks the notion of adaptability for mass housing Factors of mass housing related to social financial technical and design issues and

which address adaptability are explored Lastly it is revealed that the design aspect of adaptability is chosen as the research focus in this research study
