perception of the Middle East is all sunshine and sand the same people s perception of Russia is often all snow and freezing temperatures Of course neither picture is the total truth and the overbearing heat arid climes and loneliness of the central Russian steppes could easily rival the desertification of Syria and Iraq Kepstowe Freight was one of the British companies pioneering these early journeys behind the Iron Curtain into the dark scary world of Soviet Union communism Featuring mostly previously unseen photographs A History of Kepstowe Freight Services Ltd repeats drivers recollections about their escapades and adventures into a land rarely visited by western society and their attempts at dealing with the inherent corruption horrendous roads and unpredictable weather along the way It goes on to show how exponentially rapidly the country changed after its 1990 collapse with the accompanying culture shock to the populace and especially to the transport system     **The Road Way** ,1983
