Manual of Clinical Oncology Casciato, Mary C. Territo, 2012 Manual of Clinical Oncology is a concise pocket manual that incorporates basic science clinical findings and available technology into the diagnosis and management of cancer. It focuses on information useful for participating in rounds and for making diagnostic and therapeutic decisions at the bedside of cancer patients. The seventh edition is a practical accessible comprehensive guide to the management of patients with cancer.

Manual of Clinical Oncology Bartosz Chmielowski, Mary Territo, 2017-02-23 Concise portable and packed with essential information Manual of Clinical Oncology is an indispensable resource for understanding basic science clinical findings and available technology as they relate to the diagnosis and management of patients with cancer. The practical format provides high yield content useful for participating in rounds and making diagnostic and therapeutic decisions at the bedside. Edited by Dr Bartosz Chmielowski and Dr Mary Territo both from UCLA School of Medicine this eighth edition carries on the tradition of excellence set forth by longtime editor Dr Dennis Casciato. Incorporates recent major achievements in immunotherapies, biologics, and targeted therapies. Features new chapters on the biology of cancer immunotherapy and cancer survivorship. Contains numerous diagnostic and treatment algorithms as well as content on complications for assistance with clinical decision making. Includes helpful appendices such as a glossary of cytogenetic nomenclature and combination chemotherapy regimens. Your book purchase includes a complimentary download of the enhanced eBook for iOS, Android, PC, Mac. Take advantage of these practical features that will improve your eBook experience. The ability to download the eBook on multiple devices at one time providing a seamless reading experience online or offline. Powerful search tools and smart navigation cross links that allow you to search within this book or across your entire library of VitalSource eBooks. Multiple viewing options that enable you to scale images and text to any size without losing page clarity as well as responsive design. The ability to highlight text and add notes with one click.

Manual of Clinical Oncology Dennis Albert Casciato, Mary C. Territo, 2009 Updated for its Sixth Edition this pocket manual is a practical accessible comprehensive guide to the management of patients with cancer. In an outline format designed for rapid reference the book provides the essential information needed for fast effective clinical decision making at the bedside. Coverage begins with principles of cancer management, proceeds through the specific malignancies, and then focuses on the organ specific complications of cancer whether due to the disease or its treatments. The unique appendices permit better readability within the chapters by placing frequently referenced large complex and detailed tables at the end of the book. The appendices present cytogenetic nomenclature, toxicity of chemotherapy, critical tumor identifiers, and combination chemotherapy regimens for lymphomas.
