

SEATING

Folding Rear Seats^{1M}

To fold the Rear Seatback:

1. Set the front seatback in the most upright position and if needed, slide the seat forward.
2. Lower the headrest to the lowest position.
3. Insert the rear seat belt buckle into the pocket between the rear seatback and cushion. Insert the seatbelt webbing in the guide which prevents the seat belt from being damaged in the latch when seatbacks are placed back to the upright position.
4. Pull the seatback folding lever to unlock seat.
5. Fold Seatback toward the front of the vehicle.

REMINDERS:

- When you return the seatback to its upright position, always be sure it has locked into position by pushing on the top of the seatback.
- When adjusting seat forward or backward, ensure seat clicks or locks into place before driving the vehicle.

See section 3 in the Owner's Manual for more information.

Rear Occupant Alert (ROA) with Door Monitoring

Rear Occupant Alert (ROA) can help alert the driver when a rear passenger may be left in the vehicle. The alert will be a message on the Instrument Cluster stating to "Check rear seats" **A** and a chime will sound.

The factory default is set to OFF. To turn the system ON or OFF, go to User Settings in the Instrument Cluster or the "Vehicle Settings" in the audio head unit, select Convenience, then Rear Occupant Alert and check/uncheck the box to enable/disable by pressing the OK button on the Steering Wheel.

REMANDER: Always be sure to check the passenger areas before leaving the vehicle.

Rear Occupant Alert is not a substitute for one's attention. Always check the vehicle's interior before exiting.

Image is for illustrative purposes only and may not reflect actual feature or operation.

See section 4 in the Owner's Manual for more information.
