A NEW FEATURE FOR RM-159, 175:

We have redefined these measurement points  which are related to the oscilloscope shown on the signal overview page. As example clicking on the measurement point  guide you to the matching settings on the signal overview page. The next click into the new chosen signal guide you to the related measurement point on the module. Finally, a third click, here into the measurement point  on the module, takes you back to the starting point inside the schematics.
