Italian Colonialism Italian And Italian American Studies

Kathleen Armour

Italian Colonialism Italian And Italian American Studies:

Italian Colonialism R. Ben-Ghiat, M. Fuller, 2016-04-30 Italian Colonialism is a pioneering anthology of texts by scholars from seven countries who represent the best of classical and newer approaches to the study of Italian colonization Essays on the political economic and military aspects of Italian colonialism are featured alongside works that reflect the insights of anthropology race and gender studies film architecture and oral and cultural history The volume includes many essays by Italian and African scholars that have never been translated into English It is a unique resource that offers students and scholars a comprehensive view of the field The Review of Italian American Studies Frank M. Sorrentino, Jerome

Krase, 2000-01-01 This collection of articles examines the complex nature of identity in the Italian American community Sorrentino and Krase have constructed a volume that covers topics of diverse interest such as the development of Italian American literary studies and the integration of a uniquely Italian American sensibility into a larger and dominant idea of European American culture As an erudite examination of contemporary studies being done on one of the largest ethnic groups in the United States this work is an essential addition to the ongoing and contentious debates about the nature of ethnicity identity assimilation and acculturation in the United States **Italian Psychology and Jewish Emigration**

under Fascism Patrizia Guarnieri, 2016-05-03 Fascism and the racial laws of 1938 dramatically changed the scientific research and the academic community Guarnieri focuses on psychology from its promising origins to the end of the WWII Psychology was marginalized in Italy both by the neo idealistic reaction against science and fascism unlike Nazism with long lasting consequences Academics and young scholars were persecuted because they were antifascist or Jews and the story of Italian displaced scholars is still an embarrassing one The book follows scholars who emigrated to the United States such as psychologist Renata Calabresi and to Palestine such as Enzo Bonaventura Guarnieri traces their journey and the help they received from antifascist and Zionist networks and by international organizations Some succeeded some did not and very few went back *Italian Colonialism* R. Ben-Ghiat, 2016 Pages 1 to 25 Pages 26 to 50 Pages 51 to 75 Pages 76 to 100 Pages 101 to 125 Pages 126 to 150 Pages 151 to 175 Pages 176 to 200 Pages 201 to 225 Pages 226 to 250 Pages 251 to 275 Pages 276 to 278

Oral History, Oral Culture, and Italian Americans Luisa Del Giudice, 2009-11-09 This book introduces readers to a wide range of interpretations that take oral history and folklore as the premise with a focus on Italian and Italian American culture in disciplines such as history ethnography memoir art and music *Transnational Italian Studies* Charles Burdett, Loredana Polezzi, 2020-07-17 Transnational Italian Studies is specifically targeted at a student audience and is designed to be used as a key text when approaching the disciplinary field of Italian studies It allows the study of Italian culture to be construed and practised not simply as the inquiry into a national tradition but as the study of the interaction of cultural practices both within Italy itself and in those parts of the world that have witnessed the extent of Italian mobility The text argues that Italian culture needs to be considered in a transnational transcultural perspective and that an understanding

of linguistic and cultural translation underlies all approaches to the study of Italian culture in a global context Contributions deploy a range of methodological approaches to understand and illustrate how language operates how culture inhabits and constitutes public and private space how notions of time operate within people's lives and the multiple ways in which people experience a sense of personhood Chapters stretch from the medieval period to the present and demonstrate how transnational Italian culture can be critically addressed through the examination of carefully chosen examples Contributors Alessandra Diazzi Andrea Rizzi Barbara Spadaro Charles Burdett Clorinda Donato David Bowie Derek Duncan Donna Gabaccia Eugenia Paulicelli Fabio Camilletti Giuliana Muscio Jennifer Burns Loredana Polezzi Marco Santello Monica Jansen Naomi Wells Nathalie Hester Serena Bassi Stefania Tufi Teresa Fiore and Tristan Kay **Beyond History** Elijah Nyaga Munyi, David Mwambari,, Aleksi Ylönen, 2020-08-27 Moving beyond a self indulgent attitude about Africa's historical victimhood the book seeks to capture how African states individually and Africa's collective institutions the AU are providing agency in Africa's international relations While African states have been trailblazers in such ideas as The Responsibility to Protect as conceived in the African Union Constitutive Act 2001 which preceded the United Nations UN Secretary General's report In Larger Freedom 2005 in which the UN adopted the concept African agency in international relations has not always been captured proactively This volume seeks to document Africa and African states in a state of proactivity as opposed to a reactionary mode of international relations which has long been the case due to the discipline's heavy concentration on the West The main themes explored are African agency in international relations and commerce agency in Africa's balancing of big and regional powers reshaping Africa EU relations beyond the Cotonou Agreements Africa and international human rights institutions African efforts in elections and conflicts in Africa and relationship building among African leaders

Murder and Media in the New Rome T. Simpson, 2010-12-12 An insightful look into the origins of modern Italian media culture by examining a sensational crime and trial that took place in Rome in the late 1870s when a bloody murder triggered a national spectacle that became the first great media circus in the new nation of Italy crucially shaping the young state's public sphere and image of itself **Italy in the Age of Pinocchio** C. Ipsen, 2006-04-29 Detailing the development of a new Western attitude to children and their place in society this book tells the story of Italy's forgotten children at the end of the nineteenth century foundlings street children factory and mine workers emigrants and delinquents and illustrates the efforts of the recently unified Italian state to help them Human Nature in Rural Tuscany G. Hanlon, 2007-04-02 Melding evolutionary theory and both animal and human ethology together with close descriptive historical research on a typical Tuscan village in the Seventeenth century Hanlon explains the good reasons individuals had for behaving in ways that now seem strange to us **New Reflections on Primo Levi** R. Sodi, M. Marcus, 2011-07-04 This book presents a baker's dozen of interpretative keys to Levi's output and thought It deepens our understanding of common themes in Levi studies memory and witness while exploring unusual and revealing byways Levi and Calvino or Levi and theater for example **Italy's**

Divided Memory J. Foot, 2009-12-07 This book argues that contemporary Italian history has been marked by a tendency towards divided memory Events have been interpreted in contrasting ways and the facts themselves often contested Moreover with so little agreement over what happened and why it happened it has been extremely difficult to create any consensus around memory These divisions have been seen at all levels but take on particular importance when linked to the great traumatic and life changing events of the Twentieth century war terrorism disaster but can also be applied to more cultural fields such as sport and everyday life Social change also has an impact on memory This book will take the form of a voyage through Italy and into Italy's past looking at stories of divided memory over various periods in the twentieth century These stories will be interwoven with analysis and discussion

Tobruk David Mitchelhill-Green, 2021-07-28 Tobruk was one of the greatest Allied victories and one of the worst Allied defeats of the Second World War The eight month long 1941 siege a defiant stand by the so called Rats of Tobruk captured the world's attention Conversely the fall of Tobruk in June 1942 came a shock to the Allies in the wake of Japan's entry into the war and a string of defeats in the Far East It rocked the foundation of Winston Churchill's premiership revived the flagging hopes of the German people and fanned the flames of Arab unrest It furthered Rommel's ascendancy and marked a turning point in Anglo American relations and the fight against Nazi Germany Tobruk Fiercely Stand or Fighting Fall presents a new perspective asking why the remote fortress successfully fought off repeated attacks in 1941 before tragically falling to Rommel's Axis forces in just 24 hours in mid 1942 It begins with Italy's invasion of Ottoman held North Africa in 1911 before introducing key individuals Rommel Mussolini and Morshead to examine how their WWI service shaped later events From Mussolini's ill fated invasion of Egypt in September 1940 the book explores the capture of Tobruk in January 1941 by the Australian 6th Division the ensuing siege of its sister 9th Division and the fortress disastrous capitulation

African Migrants and Europe Lorenzo Rinelli, 2015-09-16 The process of migration control mirrors the trajectories of the people who traverse national boundaries making today's borders flexible and fluid This book explores the transformation of migration control in the post 9/11 era It looks at how border controls have become more diffuse in the face of increased human flows from Africa and presents a critical analysis of the dispositif of European migration control including detention without trial derogation of human rights law torture extraordinary rendition the curtailment of civil liberties and the securitization of migration By examining the role of Gaddafi's Libya in the last ten years as a gendarme of Europe it argues for a re-visioning of borders and frontiers in ways that can account for their dialectical nature and for the dialectical nature of political life This text will be of key interest to scholars and students of European studies African studies security studies international relations global studies comparative politics cultural geography migration studies and border theory

George L. Mosse's Italy L. Benadusi, G. Caravale, 2014-09-10 Twelve years have gone by since the passing of George L Mosse yet his work still provides essential tools for historical analysis and influences contemporary research This volume provides a re-examination of his historiographical production and

an analysis of his influence in the context of Italian history **Berlusconism and Italy** G. Orsina, 2014-09-04 From the outset Silvio Berlusconi's career was expected to be short and he has been considered finished several times only to have reemerged victorious This fascinating political and historical study shows that Berlusconi's success and resilience have lain in his ability to provide answers to longstanding questions in Italian history *East of Empire* Erin M.B.

O'Halloran, 2025-03-11 From the outset of the twentieth century Egyptian and Indian leaders understood their movements for self determination as linked and part of a shared project Following World War I as connections between the Middle East and South Asia proliferated Egypt and India lay squarely at the heart of increasingly complex and multilateral relations *East of Empire* traces how anticolonial nationalism gained momentum across the East and documents the friendships rivalries cultural exchanges and shifting political alliances that came to animate the interwar project of Easternism a cosmopolitan vision of the world whose center of gravity lay beyond Europe in the great city of Cairo Erin O Halloran offers a compelling new account of the era immediately preceding decolonization and the epochal partitions of India and Palestine Alongside well known figures like Mohandas K Gandhi Jawaharlal Nehru and Saad Zaghlul she introduces less familiar but no less intriguing personalities feminists diplomats and poets surrealists socialists and spies Each dreamed wrote organized and fought for the liberation of the East a space universally evoked though seemingly impossible to pin down Drawing on a broad cross section of Indian Arab British and European sources *East of Empire* transcends archival partitions to tell a powerful and nearly forgotten set of stories about the rise of anticolonial nationalism and the end of empire across the Middle East and South Asia

Italian Americans: Bridges to Italy, Bonds to America , In this volume attesting to the Italian American influence on the United States nine professors of Italian American studies and a curator of an ethnic museum provide original essays on the Italian American experience using the theme bridges to Italy and bonds to America Drawing from a wide variety of primary sources such as census tracts local directories diaries voting records newspaper accounts personal interviews and scholarly and polemical books and articles the authors show how Italian Americans adapted through work prejudice strife and advancement to the social and political life in America while still retaining an element of Italianita A bibliography of the colonial period reveals how Italians and Italian Americans impacted the creation exploration and settlement of America While many studies are concentrated in the eastern United States Italian Americans settled early in the west including Arizona Their history in Arizona parallels the labor strife religion music and entrepreneurship that engaged their countrymen in the East Italian Americans responded in a massive way to help their families that were devastated by the earthquake that leveled Messina Sicily and Reggio Calabria A study of a sculptor who settled in Pittsburgh shows how he produced works depicting American and Italian themes often on a grand scale suitable for outdoor placement and mingled with native born community leaders and clubs and fraternal organizations Tracing the life of a controversial Brooklyn politician Francis B Spinola the authors show how he was elected to local and state political office and fought in the U S Civil War Italian Americans were key

components in the early years of jazz history in the 1920s and 1930s This study adds some balance to the development of jazz by tracing the bonds that Italian Americans formed with Black musicians and their pioneering use of the guitar and violin An obvious example of the theme of this book is a study of Italian prisoners of World War II who were transported to the United States and settled in a camp in Texas The author shows how they helped farmers by their work and how artists among them helped decorate a local church with paintings and murals A comparison of the Italian and Mexican immigration to the United States shows the similarity and differences of these two groups over time An examination of the proposition that Mexicans are like Italians is examined in detail A bibliographical study of the southern question in Italian history shows the explosive forces that erupted during and after Italian unification Italians and Italian Americans are still debating whether this incorporation of the Italian south into the kingdom of Italy was detrimental to the people who lived there and contributed to the massive emigration that followed This study is an outgrowth of a desire by scholars to honor the passing of Professor Salvatore Mondello coauthor of the national bestseller *The Italian Americans* One of a few historians of Italian American immigration who appeared on the scene in the late 1950s and early 1960s he approached the subject with enthusiasm passion and a relentless search for relevant material marked by digging into primary sources rooting out individuals who had lived through the immigrant experience and pouring over the contemporary accounts found in newspapers and magazines Sal was one of the first to see the important link between railroads and Italian American settlements He saw that the rail lines accelerated the Italians movement beyond the large cities in the coastal areas They used the railroads as the means to establish new lives in many urban and rural communities across the country In many ways the articles presented in this book reflect the Mondello approach The authors continue as pioneers by dealing with important topics that have been overlooked ignored and or newly arisen They add a dimension to Italian immigration which focuses on the interaction of American and immigrant cultures and shows them as much American as Italian if not more so Having the advantage of living and teaching in smaller towns the authors write with conviction and verve Whether treating subjects old or new the authors writing is clean fresh often imaginative and well documented producing a fine example of good scholarship solid research clear expository writing and expert analysis They move Italian American history beyond the corpus of work which usually includes radicalism labor strife crime religion and the current blossoming of literature and poetry framing Italian American themes This book will serve to inspire the group of scholars appearing on the scene today to carry on in opening new paths in the Italian American experience This book will be of interest to scholars and lay people alike Scholars will find particularly useful the information in the bibliographical articles and the book s usefulness as a reader in an immigration history or sociology course The younger scholar is sure to be challenged and possibly richly rewarded The book s human interest will appeal to a diverse audience young and old Exposed to nine subjects the general reader is sure to be drawn to one or more of them

Italy and the Military Mattia Roveri, 2020-12-22 This book sheds new light on the role of the military in Italian society and

culture during war and peacetime by bringing together a whole host of contributors across the interdisciplinary spectrum of Italian Studies Divided into five thematic units this volume examines the continuous and multifaceted impact of the military on modern and contemporary Italy The Italian context offers a particularly fertile ground for studying the cultural impact of the military because the institution was used not only for defensive offensive purposes but also to unify the country and to spread ideas of socio cultural and technological development across its diverse population **The Gray Lady Winked**

Ashley Rindsberg, 2021-05-03 Think a newspaper can't be responsible for mass murder Think again As flagship of the American news media the New York Times is the world's most powerful news outlet With thousands of reporters covering events from all corners of the globe the Times has the power to influence wars foment revolution shape economies and change the very nature of our culture It doesn't just cover the news it creates it The Gray Lady Winked pulls back the curtain on this illustrious institution to reveal a quintessentially human organization where ideology ego power and politics compete with the more humble need to present the facts In its 10 gripping chapters The Gray Lady Winked offers readers an eye opening often shocking look at the New York Times's greatest journalistic failures so devastating they changed the course of history How its World War II Berlin bureau chief a known Nazi collaborator skewed coverage in favor of the Third Reich for over a decade Its notorious coverup of the Ukraine Famine a genocide committed by Stalin showing that it was the newspaper's owners who directed the coverup in order to advance their own financial and ideological interests The 1619 Project a cynical ideologically driven attempt to revise American history by rooting the nation's birth in slavery instead of liberty The result is an essential look at the tangled relationship between media power and politics in a post truth world told with novelistic flair to reveal a uniquely powerful institution's tortured relationship with the truth Most importantly of all The Gray Lady Winked presents a cautionary tale that shows what happens when the guardians of the truth abandon that sacred value in favor of self interest and ideology and what this means for our future as much as for our past

Ignite the flame of optimism with is motivational masterpiece, Find Positivity in **Italian Colonialism Italian And Italian American Studies** . In a downloadable PDF format (Download in PDF: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
