Italy's Divided Memory J. Foot, 2009-12-07 This book argues that contemporary Italian history has been marked by a tendency towards divided memory Events have been interpreted in contrasting ways and the facts themselves often contested Moreover with so little agreement over what happened and why it happened it has been extremely difficult to create any consensus around memory These divisions have been seen at all levels but take on particular importance when linked to the great traumatic and life changing events of the Twentieth century war terrorism disaster but can also be applied to more cultural fields such as sport and everyday life Social change also has an impact on memory This book will take the form of a voyage through Italy and into Italy's past looking at stories of divided memory over various periods in the twentieth century These stories will be interwoven with analysis and discussion

Radical Right Marianna Griffini,2023-06-19 The Politics of Memory in the Italian Populist Radical Right examines the role of colonial memory in the contemporary Italian populist radical right which includes the Lega and Fratelli d Italia FdI The book originally adopts postcolonialism as an analytical framework to critically examine which roles colonial memory plays in the Italian populist radical right Considering the timeframe between 2013 and 2021 this book suggests that the contemporary Italian populist radical right selectively shaped its memory of the colonial past expunging the most difficult aspects from it The fact that the Italian populist radical right parties examined do not fully acknowledge the controversial aspects of Italy s colonial past which are bracketed off discourse may contribute to the deployment of colonial discourse by these same parties when discussing immigration From this Italian case study broader implications can be drawn regarding the role of colonial memory in political discourse which is a topical matter across Europe The book will be of interest to those studying populism the radical right Italian politics and history colonialism and the politics of memory Fascism in Italian Cinema since 1945
