Crandall Follis Ph.D., 2015-11-10 This is a complete year-long programming guide that shows librarians how to integrate nonfiction and poetry into storytime for preschool children in order to build literacy skills and overall knowledge. The right nonfiction titles, ones with colorful photographs and facts that are interesting to young imaginations, give librarians an opportunity to connect with children who are yearning for true stuff. Presenting poetry in storytime encourages a love of language and the chance to play with words. Written by authors with a combined 25 years of experience working with children and books in a library setting, **Get Real With Storytime: 52 Weeks of Early Literacy Programming** goes far beyond the typical storytime resource book by providing books and great ideas for using nonfiction and poetry with preschool children. This book provides a complete year-long programming guide for librarians who work with preschool children in public libraries and school librarians who run special programs for preschoolers, as well as parents, childcare providers, and camp counselors. Each of the 52 broad storytime topics, one for each week of the year, includes a sample storytime featuring an opening poem, a nonfiction title, picture books, songs, rhymes, or fingerplays, and a follow-up activity. Spending his childhood obsessed with trainspotting, music, and girls, John had no aspirations to become a player in the arena of stocks and retail. But through a combination of luck, hard work, and happy accidents, he found himself in the esoteric world of stockbroking. The path of John's career moved into retail analysis, and his experience provides a highly engaging and insightful account of the machinations and vicissitudes faced by some of today's most eminent retailers as they struggled to establish themselves in the ever-evolving twentieth century. *Otis Redding* Jonathan Gould, 2018-05-15 The

long awaited definitive biography of The King of Soul timed to coincide with the 50th anniversary of Redding's iconic performance at the 1967 Monterey Pop Festival Otis Redding remains an immortal presence in the canon of American music on the strength of such classic hits as Sittin on The Dock of the Bay I've Been Loving You Too Long Try a Little Tenderness and Respect a song he wrote and recorded before Aretha Franklin made it her own As the architect of the distinctly southern gospel inflected style of rhythm blues associated with Stax Records in Memphis Redding made music that has long served as the gold standard of 1960s soul Yet an aura of myth and mystery has always surrounded his life which was tragically cut short at the height of his career by a plane crash in December 1967 In *Otis Redding An Unfinished Life* Jonathan Gould finally does justice to Redding's incomparable musical artistry drawing on exhaustive research the cooperation of the Redding family and previously unavailable sources of information to present the first comprehensive portrait of the singer's background his upbringing and his professional career In chronicling the story of Redding's life and music Gould also presents a social history of the time and place from which they emerged His book never lets us forget that the boundaries between black and white in popular music were becoming porous during the years when racial tensions were reaching a height throughout the United States His indelible portrait of Redding and the mass acceptance of soul music in the 1960s is both a revealing look at a brilliant artist and a provocative exploration of the tangled history of race and music in America that resonates strongly with the present day

The Natural History of Make-believe John Goldthwaite, 1996 The Man in the Moon has dropped down to earth for a visit Over the hedge a rabbit in trousers is having a pipe with his evening paper Elsewhere Alice is passing through a looking glass Dorothy riding a tornado to Oz and Jack climbing a beanstalk to heaven To enter the world of children's literature is to journey to a realm where the miraculous and the mundane exist side by side a world that is at once recognizable and real and enchanted Many books have probed the myths and meanings of children's stories but Goldthwaite's Natural History is the first exclusively to survey the magic that lies at the heart of the literature From the dish that ran away with the spoon to the antics of Brer Rabbit and Dr Seuss's Cat in the Hat Goldthwaite celebrates the craft the invention and the inspired silliness that fix these tales in our minds from childhood and leave us in a state of wondering to know how these things can be Covering the three centuries from the fairy tales of Charles Perrault to Maurice Sendak's Where the Wild Things Are he gathers together all the major imaginative works of America Britain and Europe to show how the nursery rhyme the fairy tale and the beast fable have evolved into modern nonsense verse and fantasy Throughout he sheds important new light on such stock characters as the fool and the fairy godmother and on the sources of authors as diverse as Carlo Collodi Lewis Carroll and Beatrix Potter His bold claims will inspire some readers and outrage others He hails Pinocchio for example as the

greatest of all children's books but he views C S Lewis's The Chronicles of Narnia as a parable that is not only murderously misogynistic but deeply blasphemous as well Fresh incisive and utterly original this rich literary history will be required reading for anyone who cares about children's books and their enduring influence on how we come to see the world **The Annotated Mother Goose, Nursery Rhymes Old and New, Arr. and Explained by William S.
