Agatha Christie on Screen Mark Aldridge,2016-10-21 This book is a comprehensive exploration of 90 years of film and television adaptations of the world s best selling novelist s work Drawing on extensive archival material it offers new information regarding both the well known and forgotten screen adaptations of Agatha Christie s stories including unmade and rare adaptations some of which have been unseen for more than half a century This history offers intriguing insights into the discussions and debates that surrounded many of these screen projects something that is brought to life through previously unpublished correspondence from Christie herself and a new wide ranging interview with her grandson Mathew Prichard *Agatha Christie on Screen* takes the reader on a journey from little known silent film adaptations through to famous screen productions including 1974 s *Murder on the Orient Express* as well as the television series of the Poirot and Miss Marple stories and most recently the BBC s acclaimed version of *And Then There Were None*

The Kinks Doug Hinman,2004 This work tracks every move in the Kinks career With the help of band members Doug Hinman has reconstructed their meteoric rise to fame in the early 60s through its dissolution and revival in the 70s stadium success in the 80s and an apparently final breakdown in the late 90s

Inventing Television Culture Janet Thumim,2004-12-16 During the fertile decade 1955 65 the television institution emerged in a form which would be familiar for the next half century this book attends to two aspects of its formation The first entails the production strategies programmes schedules and emergent generic modes as these were invented through a process of trial and error allied to a close attention to building the mass audience in short the question of how television invented itself The second aspect concerns the place of women and the concept feminine in the new institution Television offered women access to the public sphere in ways that were potentially disruptive of the order prevailing in mid 1950s Britain Apart from new employment opportunities images of women and definitions of the feminine were purveyed nightly to an heterogeneous audience of millions an audience that was itself under construction throughout the period Through close attention to three discrete areas of programming women s programmes news and current affairs and popular drama the book aims to convey a sense of the excitement entailed in establishing the institution and to ask where and how it may have posed challenges to the prevailing patriarchal hegemony Hence the productive interplay of two terms television and the feminine both of which were evolving rapidly during the period is explored in the context of the contemporary discursive climate
