Spain in America Richard L. Kagan, 2002 Setting aside the pastiche of bullfighters and flamenco dancers that has dominated the U S image of Spain for more than a century this innovative volume uncovers the roots of Spanish studies to explain why the diversity vitality and complexity of Spanish history and culture have been reduced in U S accounts to the equivalent of a tourist brochure Spurred by the complex colonial relations between the United States and Spain the new field of Spanish studies offered a way for the young country to reflect a positive image of itself as a democracy in contrast with perceived Spanish intolerance and closure Spain in America investigates the political and historical forces behind this duality surveying the work of the major nineteenth century U S Hispanists in the fields of history art history literature and music A distinguished panel of contributors offers fresh examinations of the role of U S writers especially Washington Irving and Henry Wadsworth Longfellow in crafting a wildly romantic vision of Spain They examine the views of such scholars as William H Prescott and George Ticknor who contrasted the failure of Spanish history with U S exceptionalism Other essays explore how U S interests in Latin America consistently colored its vision of Spain and how musicology in the United States dominated by German migrants relegated Spanish music to little more than a footnote Also included are profiles of the philanthropist Archer Mitchell Huntington and the pioneering art historians Georgiana Goddard King and Arthur Kingsley Porter who spearheaded U S interest in the architecture and sculpture of medieval Spain Providing a much needed look at the development and history of Hispanism Spain in America opens the way toward confronting and modifying reductive views of Spain that are frozen in another time

The Quiet Trailblazer Mary Frances Early, 2021-09-15 The Quiet Trailblazer recounts Mary Frances Early's life from her childhood in Atlanta her growing interest in music and her awakening to the injustices of racism in the Jim Crow South Early carefully maps the road to her 1961 decision to apply to the master's program in music education at the University of Georgia becoming one of only three African American students With this personal journey we are privy to her prolonged and difficult admission process her experiences both troubling and hopeful while on the Athens campus and her historic graduation in 1962 Early shares fascinating new details of her regular conversations with civil rights icon Dr Martin Luther King Jr at Ebenezer Baptist Church in Atlanta She also recounts her forty eight years as a music educator in the state of Georgia the Southeast and at the national level She continued to blaze trails within the field and across professional associations After Early earned her master's and specialist's degrees she became an acclaimed Atlanta music educator teaching music at segregated schools and later being promoted to music director of the entire school system In 1981 Early became the first African American elected president of the Georgia Music Educators Association After she retired from working in public schools in 1994 Early taught at Morehouse College and

Spelman College and served as chair of the music department at Clark Atlanta University Early details her welcome reconciliation with UGA which had failed for decades to publicly recognize its first Black graduate In 2018 she received the President's Medal and her portrait is one of only two women's to hang in the Administration Building Most recently Early was honored by the naming of the College of Education in her honor

Bob Dylan and the Spheres of Existence Christopher B. Barnett, 2023-03-20 Bob Dylan and the Spheres of Existence shows that existential questions lie at the heart of Bob Dylan's songwriting a point that will be developed with the help of renowned Danish philosopher Søren Kierkegaard One of the focal points of Kierkegaard's authorship is the journey towards authentic selfhood Famously he thematizes this journey in terms of existential spheres the aesthetic the ethical and the religious Whereas the aesthetic involves a preference for immediacy the ethical has to do with achieving a sense of personal identity by way of living for enduring commitments and values Yet higher than both of these stages is the religious which initially concerns the immanent human quest for eternal life but for Kierkegaard ultimately comes to rest in God's transcendent self-revelation in Jesus Christ This book argues that Kierkegaard's theory can help us deepen our understanding of and relation to Dylan's art Just as Kierkegaard presupposes existential movement and transformation so is Dylan celebrated for his shifting personae and philosophical variance But this is not mere aesthetic dabbling on Dylan's part On the contrary his diverse masks and voices encourage his audience to engage the worldview being presented albeit in such a way that religious faith is identified as humanity's source of ultimate meaning
