Jacqueline Humphries Jacqueline Humphries, Angus Cook, David Joselit, Suzanne Hudson, 2014 Over the course of her three decade career American painter Jacqueline Humphries born 1960 has committed to abstraction at its extreme In the mid 2000s Humphries began experimenting with reflective silver paint on canvas a feature that has since become a signature of her work Humphries iridescent surfaces create an unsettling relationship between the viewer and the painting constantly shifting according to movement and time Registering the colors and tones of the environments around them the paintings engage in a mysterious play of shadows and light suggestion and intimation This distinctive monograph the first to collect Humphries silver paintings in one volume illustrates over 70 works reproducing their luminous surfaces using a technique that lays conventional ink over an Iridodin silkscreened varnish With essays by David Joselit Suzanne Hudson and Angus Cooke the book situates Humphries within a generational discourse as well as a broader art historical context *Jacqueline Humphries* John Kelsey, 2022-01-14 *Jacqueline Humphries* Jacqueline Humphries, 1992 **Jacqueline Humphries** Jacqueline Humphries, 1992 *The Best of Cover Design* Altitude Associates, 2011-05-01 You can't judge a book by its cover or so the saying goes We beg to differ Each of us is exposed to several thousand messages a day To be successful covers not only have to stand out amongst all the clutter but they also need to make an instant connection with viewers Designing covers isn't an easy task It's a minefield of requirements constraints and subjective opinions oftentimes resulting in what we like to call the design by committee pit of despair Make the logo bigger The CEO's daughter doesn't like orange change it The sales team begins art directing Welcome to the land of mediocrity We've all been there and it requires ninja like skills to traverse and emerge in one piece Despite the challenges some covers clearly rise to the top You can't help but pick up the magazine open the brochure or buy the book They draw you in through their cleverness simplicity or boldness These are the covers contained herein Of the more than 2 000 covers received the authors had the dubious task of selecting about 350 to be featured in *The Best of Cover Design* The chosen covers were selected based on their initial visual impact and effectiveness in conveying the message within It is an inspiration feast for the eyes Beyond Nola Terrington Calas, Steve Bachmann, 2002-08 Essays by Calas and Bachmann which originally appeared in the *New Orleans Art Review* on the theme of art and artists from outside the New Orleans area **Jacqueline Humphries** Frances Guerin, 2022 Over the last three decades Jacqueline Humphries b 1960 has through an innovative painterly process challenged the limits of abstraction She has produced a body of work that reaches beyond modernism Abstract Expressionism and abstraction as we know it Multi layered in application Humphries challenges the viewer to interact with her painting in diverse ways inviting new approaches to looking and being with a work Expertly analysing the ways in which Humphries has challenged convention and placed abstract painting at the centre of our twenty first century visual environment Frances Guerin's illuminating text reveals an artist at the peak of her powers **Overview** , 2016 **AskART.com: Jacqueline Humphries** , AskART.com presents

century Britain the shift from viewing deafness as auditory difference to framing it as a condition in need of medical intervention came at the insistence of an emerging group of professionals aurists Echoes of Care describes how British ear specialists sought to reshape deafness as a curable affliction that they were uniquely able to treat Navigating a medical landscape fraught with professional rivalries and public distrust about the likelihood of a cure aurists extended their authority towards key sites of intervention the census school medical testing public health deaf schools to argue for the necessity of specialist care Beneath the surface of these claims lay deeper questions about access to healthcare cultural perceptions of disability and the rise of eugenics Jaipreet Virdi explores the complex legacy of the medicalization of deafness and its profound implications for deaf history culture and lived experience **Cornell Collects** Carol Roberts,1990

Robert E. Shore-Goss, Joseph N. Goh, 2019-11-28 This book enters a new liminal space between the LGBTQ and denominational Christian communities It simultaneously explores how those who identify as queer can find a home in church and how those leading welcoming or indeed unwelcoming congregations can better serve both communities The primary argument is that queer inclusion must not merely mean an assimilation into existing heteronormative respectability and approval Chapters are written by a diverse collection of Asian Latin American and U S theologians religious studies scholars and activists Each of them writes from their own social context to address the notion of LGBTQ alternative orthodoxies and praxes pertaining to God the saints failure of the church queer eschatologies and erotic economies Engaging with issues that are not only faced by those in the theological academy but also by clergy and congregants the book addresses those impacted by a history of Christian hostility and violence who have become suspicious of attempts at acceptance It also sets out an encouragement for queer theologians and clergy think deeply about how they form communities where queer perspectives are proactively included This is a forward looking and positive vision of a more inclusive theology and ecclesiology It will therefore appeal to scholars of Queer Theology and Religious Studies as well as practitioners seeking a fresh perspective on church and the LGBTQ community
