Picking A Wife Conrad Riker, 101-01-01. She's Not Broken You Just Don't Know How to Calibrate Her. Why do smart men keep picking emotionally unstable women? Why does she act one way when you meet and another after she locks you in? Why do you feel like you're walking on eggshells while she throws the damn carton? You're not alone. And it's not your fault but it is your responsibility. Women are not men biologically psychologically and spiritually wired for hypergamy emotion and status evaluation not loyalty or logic. Love is not the problem blind sentimentality is and it's killing masculine purpose in the West. Feminism isn't a movement it's a collective shit test weaponized and scaled across culture to destroy male authority. Emotionalism in women is not cute or passionate it's high maintenance chaos dressed up as authenticity. Your kindness is being punished not rewarded because weakness looks like virtue to a woman trained to dominate. You were taught to communicate and validate but she's judging your backbone not your vocabulary. Women don't respect equality they respect hierarchy and they will always test to see if you deserve the top. God designed woman as a helper not a boss and when she rules creation order is inverted and men pay the price. If you want to stop being a doormat reclaim your masculine frame and build a real marriage with a woman who respects not drains you then buy this book today. *National Union Catalog*, 1978. Includes entries for maps and atlases.
