**Daoist Internal Mastery** Liping Wang, Mark Bartosh, 2019 This book translates Master Wang's original practice instructions and discourses given during training seminars. His system of internal alchemy goes back to two ancient Daoist texts: the 13th century *Lingbao bifa* linked to the immortals Zhongli Quan and L Dongbin and the 17th century *Taiyi jinhua zongzhi Secret of the Golden Flower* also connected to L. Together they are known as the *Lingbao tong zhineng neigong shu Arts of Internal Mastery Wisdom and Potential Based on Numinous Treasure*. The texts outline the concoction of a golden elixir through the dual cultivation of inner nature and life destiny. This book follows the classics and presents all different kinds of techniques including walking, pacing, sleeping, circulating the five phases, absorbing tree energy and capturing planetary essences in a systematic format and with a great amount of instructional detail. It contains a wealth of information invaluable to anyone interested in genuine Daoist cultivation and elucidates numerous rather obscure concepts to contextualize each practice.

**The Party's Interests Come First** Joseph Torigian, 2025-06-03 China's leader Xi Jinping is one of the most powerful individuals in the world and one of the least understood. Much can be learned, however, about both Xi Jinping and the nature of the party he leads from the memory and legacy of his father, the revolutionary Xi Zhongxun. 1913-2002 The elder Xi served the Chinese Communist Party (CCP) for more than seven decades. He worked at the right hand of prominent leaders Zhou Enlai and Hu Yaobang. He helped build the Communist base area that saved Mao Zedong in 1935 and he initiated the Special Economic Zones that launched China into the reform era after Mao's death. He led the Party's United Front efforts toward Tibetans, Uyghurs and Taiwanese. And though in 1989 he initially sought to avoid violence, he ultimately supported the Party's crackdown on the Tiananmen protesters. *The Party's Interests Come First* is the first biography of Xi Zhongxun written in English. This biography is at once a sweeping story of the Chinese revolution and the first several decades of the People's Republic of China and a deeply personal story about making sense of one's own

identity within a larger political context Drawing on an array of new documents interviews diaries and periodicals Joseph Torigian vividly tells the life story of Xi Zhongxun a man who spent his entire life struggling to balance his own feelings with the Party's demands Through the eyes of Xi Jinping's father Torigian reveals the extraordinary organizational ideological and coercive power of the CCP and the terrible cost in human suffering that comes with it Radicalism and Education Reform in 20th-Century China Suzanne Pepper,2000-07-10 The first comprehensive book to cover the whole sweep of twentieth century Chinese education
