Marcuse, 2023-11-15 *Discourse and Literature* Teun Adrianus van Dijk, 1985-01-01 Discourse and Literature boldly integrates the analysis of literature and non literary genres in an innovative embracing study of discourse Narrative poetry drama myths songs letters Biblical discourse and graffiti as well as stylistics and rhetorics are the topics treaded by twelve well known specialists selected and introduced by Teun A van Dijk

An Introduction to the Language of Literature Norman Blake, 1990-11-09 This book presents an introduction to stylistics for students of literature It does not presuppose linguistic knowledge but it approaches literature in a linguistic way In the first half it looks at the make up of a sentence in English and how sentence elements are exploited by literary authors In the second half it looks at the way in which a text is unified by elements beyond the sentence The conclusion exemplifies the theory explained in the previous chapters

[A Poetics Handbook](#) Daniel Mario Abondolo, 2001 Most books in English on poetics deal with abstract and theoretical issues with a few mostly English examples whereas this book focuses on the formal aiming to provide a concise systematic overview of the linguistic context of European poetics It is richly documented with concrete examples particularly from Hungarian and other languages and traditions of Europe

The Language and Literature Reader Ronald Carter, Peter Stockwell, 2020-08-19 The Language and Literature Reader is an invaluable resource for students of English literature language and linguistics Bringing together the most significant work in the field with integrated editorial material this Reader is a structured and accessible tool for the student and scholar Divided into three sections Foundations Developments and New Directions the Reader provides an overview of the discipline from the early stages in the 1960s and 70s through the new theories and practices of the 1980s

and 90s to the most recent and contemporary work in the field Each article contains a brief introduction by the editors situating it in the context of developing work in the discipline and glossing it in terms of the section and of the book as a whole The final section concludes with a history and manifesto written by the editors which places developments in the area of stylistics within a brief history of the field and offers a polemical perspective on the future of a growing and influential discipline

The Stylistics of Poetry Peter Verdonk, 2013-08-15 Written over the last thirty years this collection of Professor Peter Verdonk's most important work on the stylistics of poetry clearly shows that the stylistics of poetic discourse is a diverse and valuable interdiscipline Discussing the poetry of Auden Heaney and Larkin amongst many others Verdonk covers everything from intrinsic textual meaning and external context in its widest sense to the reader's cognitive and emotive response to poems The book will appeal to all students on stylistics and literary linguistics courses especially those focussing on poetry and poetic language

Linguistics Meets Literature Matthias Bauer, Sigrid Beck, Saskia Brockmann, Susanne Riecker, Angelika Zirker, Nadine Bade, 2020-06-08 Until recently collaborative efforts between formal linguistics and literary studies have been relatively sparse this book is an attempt to bridge this gap and add to the hitherto small pool of studies that combine the two disciplines Our study concentrates on Emily Dickinson's poetry since it displays a highly uncommon and therefore challenging use of language We argue this to be part of her poetic strategy and consider Dickinson an intuitive linguist her apparent non compliance with linguistic rules is a productive exploration of linguistic expression to reveal the flexibility and potential of grammar leading to complex processes of interpretation Our study includes a number of in depth analyses of individual poems which combine formal linguistic methods and literary scholarship and focus on specific aspects such as ambiguity reference and presuppositions One of our findings concerns the dynamic interpretation of lyrical texts in which the pragmatic step of establishing what a poem means for the reader is postponed to text level We provide readers with a tool box of methods for the formal linguistic analysis not just of Emily Dickinson's poetry but of linguistically complex literary texts in general
