Listening To Stone The Art And Life Of Isamu Noguchi

Harold James Sachwald

Listening To Stone The Art And Life Of Isamu Noguchi:

Listening to Stone Hayden Herrera, 2015-04-21 Throughout the twentieth century Isamu Noguchi was a vital figure in modern art From interlocking wooden sculptures to massive steel monuments to the elegant Akari lamps Noguchi became a master of what he called the sculpturing of space But his constant struggle as both an artist and a man was to embrace his conflicted identity as the son of a single American woman and a famous yet reclusive Japanese father It s only in art he insisted that it was ever possible for me to find any identity at all In this remarkable biography of the elusive artist Hayden Herrera observes this driving force of Noguchi s creativity as intimately tied to his deep appreciation of nature As a boy in Japan Noguchi would collect wild azaleas and blue mountain flowers for a little garden in front of his home As Herrera writes he also included a rock to give a feeling of weight and permanence It was a sensual appreciation he never abandoned When looking for stones in remote Japanese quarries for his zen like Paris garden forty years later he would spend hours actually listening to the stones scrambling from one to another until he found one that spoke to him Constantly striving to take the essence of nature and distill it Noguchi moved from sculpture to furniture and from playgrounds to sets for his friend the choreographer Martha Graham and back again working in wood iron clay steel aluminum and of course stone Throughout his career Noguchi traveled constantly from New York to Paris to India to Japan forever uprooting himself to reinvigorate what he called the keen edge of originality Wherever he went his needy disposition and boyish charm drew women to him yet he tended to push them away when things began to feel too settled Only through his art now seen as a powerful aesthetic link between the East and the West did Noguchi ever seem to feel that he belonged Combining the personal correspondence of and interviews with Noguchi and those closest to him from artists patrons assistants and lovers Herrera has created an authoritative biography of one of the twentieth century s most important sculptors She locates Noguchi in his friendships with such artists as Buckminster Fuller and Arshile Gorky and in his affairs with women including Frida Kahlo and Anna Matta Clark With the attention to detail and scholarship that made her biography of Gorky a finalist for the Pulitzer Prize Herrera has written a rich meditation on art in a globalized milieu *Listening to Stone* is a moving portrait of an artist compulsively driven to reinvent himself as he searched for his own essence of sculpture

Chiang, 2018-08-02 The mass imprisonment of over 110 000 people of Japanese ancestry during World War II was one of the most egregious violations of civil liberties in United States history Removed from their homes on the temperate Pacific Coast Japanese Americans spent the war years in desolate camps in the nation's interior Photographers including Ansel Adams and Dorothea Lange visually captured these camps in images that depicted the environment as a source of both hope and hardship And yet the literature on incarceration has most often focused on the legal and citizenship statuses of the incarcerated their political struggles with the US government and their oral testimony Nature Behind Barbed Wire shifts the focus to the environment It explores how the landscape shaped the experiences of both Japanese Americans and federal officials who worked for the War Relocation Authority WRA the civilian agency that administered the camps The complexities of the natural world both enhanced and constrained the WRA's power and provided Japanese Americans with opportunities to redefine the terms and conditions of their confinement Even as the environment compounded their feelings of despair and outrage the incarcerated also found that their agency in transforming and adapting to the natural world could help them survive and contest their incarceration Japanese Americans and WRA officials negotiated the terms of confinement with each other and with a dynamic natural world Ultimately as Connie Chiang demonstrates the Japanese American incarceration was fundamentally an environmental story **The Snail** , 2022-11-08 Award winning illustrator Emily Hughes offers a luminous picture book about the life of renowned Japanese American artist Isamu Noguchi Isamu Noguchi is one of the most important sculptors of all time His Akari lamps changed the way modern buildings light their space But before he was important he was a kid This is his story Noguchi was a Japanese American artist who gave the world light The world however was not always so giving in return Growing up mixed race born in the United States but raised in Japan Noguchi found himself perceived as an outsider who did not belong in either country Unable to identify fully as either Japanese or American he conceived of himself as a snail capable of retreating into his creative shell when the world did not embrace him Through his art the Snail could shape hold and create light to conquer the darkness without Poetic and searing heart wrenching and exquisite Emily Hughes's paean to creativity explores emotions ravaged by a history of Japanese incarceration the effects of personal isolation and the power of art to heal those wounds RENOWNED ARTIST Isamu Noguchi's art is everywhere You have likely seen it without knowing he was the artist or even that it was art IMPORTANT TOPIC This book uses art and history to discuss mixed racial identity making a difficult topic more accessible to young readers STUNNING VISUALS Hughes's illustrations are rich and evocative of the grace power and ephemerality of nature Light and dark complex yet simple her art and storytelling echo the dual identity of Noguchi himself PERFECT GIFT FOR ART LOVERS The subject and the beautiful visuals make this book the ideal gift for art students art enthusiasts and museumgoers of all ages Perfect for Parents and grandparents Fans of Isamu Noguchi Fans of contemporary art Teachers and librarians **The Design of Childhood** Alexandra Lange, 2018-06-12 From building blocks to city blocks an eye

opening exploration of how children's playthings and physical surroundings affect their development. Parents obsess over their children's playdates, kindergarten curriculum, and every bump and bruise, but the toys, classrooms, playgrounds, and neighborhoods little ones engage with are just as important. These objects and spaces encode decades, even centuries, of changing ideas about what makes for good child rearing and what does not. Do you choose wooden toys or plastic or increasingly digital? What do youngsters lose when seesaws are deemed too dangerous and slides are designed primarily for safety? How can the built environment help children cultivate self-reliance? In these debates, parents, educators, and kids themselves are often caught in the middle. Now prominent design critic Alexandra Lange reveals the surprising histories behind the human-made elements of our children's pint-size landscape. Her fascinating investigation shows how the seemingly innocuous universe of stuff affects kids' behavior, values, and health, often in subtle ways. And she reveals how years of decisions by toymakers, architects, and urban planners have helped and hindered American youngsters' journeys toward independence. Seen through Lange's eyes, everything from the sandbox to the street becomes vibrant with buried meaning. *The Design of Childhood* will change the way you view your children's world and your own. **Marion Greenwood** Joanne B. Mulcahy, 2025

This book is the first biography of a woman whose star blazed through the twentieth-century art world. Born in Brooklyn in 1909, artist Marion Greenwood attended and thrived at now storied institutions and arts centers: The Art Students League, the studio of German modernist Winold Reiss, the Woodstock Colony, and Yaddo. In 1933 she catapulted to international fame as the first woman to paint a public mural in Mexico and was celebrated by Diego Rivera as one of the world's greatest living women mural painters. Greenwood traveled the globe to create award-winning portraits of people from diverse backgrounds, crossing racial, cultural, and class lines to reflect her vision for a more just world. Based on a decade of research and interviews, biographer Joanne B. Mulcahy integrates Greenwood's adventuresome personal life with her journey to artistic glory. Mulcahy deftly contextualizes Greenwood's participation in the heady art scenes of the 1920s and 1930s in Mexico, New York City, and Paris, and her role as one of two women artist correspondents during World War II. After social realism and portraiture fell from favor, Greenwood doggedly stuck with the human thing in art. Her freewheeling romantic life defied expectations for women, and she fought sexist critics who mixed acclaim for her work with commentary on her stunning beauty. A feminist pioneer, she made a living as an artist in a time when few women did. In following Greenwood's maverick path and artistic achievements, this book carves out a central place for her in the pantheon of history's remarkable women artists. *Gordon Matta-Clark* Frances Richard, 2019-03-26

Bringing a poet's perspective to an artist's archive, this highly original book examines wordplay in the art and thought of American artist Gordon Matta Clark (1943-1978). A pivotal figure in the postminimalist generation, who was also the son of a prominent Surrealist, Matta Clark was a leader in the downtown artists' community in New York in the 1970s and is widely seen as a pioneer of what has come to be known as social practice art. He is celebrated for his anarchitectural environments and performances and the films, photographs, drawings, and

sculptural fragments with which his site specific work was documented In studies of his career the artist s provocative and vivid language is referenced constantly Yet the verbal aspect of his practice has not previously been examined in its own right Blending close readings of Matta Clark s visual and verbal creations with reception history and critical biography this extensively researched study engages with the linguistic and semiotic forms in Matta Clark s art forms that activate what he called the poetics of psycho locus and total semiotic system Examining notes statements titles letters and interviews in light of what they reveal about his work at large Frances Richard unearths archival biographical and historical information linking Matta Clark to Conceptualist peers and Surrealist and Dada forebears Gordon Matta Clark *Physical Poetics* explores the paradoxical durability of Matta Clark s language and its role in an aggressively physical oeuvre whose major works have been destroyed

Frida Kahlo: The Last Interview Frida Kahlo,2020-09-01 Frida Kahlo s legacy continues to grow in the public imagination in the nearly fifty years since her discovery in the 1970s This collection of conversations over the course of her brief career allows a peek at the woman behind the hype And allows us to see the image of herself she carefully crafted for the public Frida Kahlo is now an icon In the decades since her death Kahlo has been celebrated as a proto feminist a misunderstood genius and a leftist hero but during her lifetime most knew her as Diego Rivera s wife Featuring conversations with American scholar and Marxist Bertram D Wolfe and art critic Raquel Tibol this collection shows an artist undervalued but also a woman in control of her image From her timid beginnings after her first solo show to a woman who confidently states that she is her only influence the many faces of Kahlo presented here clearly show us the woman behind the Fridamania we know today

Monologues In the House of Fun Mirrors Harold James Sachwald,2023-08-15 This book of poems is best enjoyed with a cup of tea a favorite scented candle and several flowers in water which will aid the journey toward nine mediative messages at the end Are these lessons that will solve the dilemmas of the speakers Conceptions that everyone must submerge themselves inside Mediative experiences for survival The poetry in Monologues In the House of Fun Mirrors develops through a design of multiple meanings all of which dive deeply into the disposition emotional state and personality of each speaker The prelude announces the mood of the Dream Circle It s an environmental pathway revealing the endless options in life Much like the maze of mirrors in a funhouse carnival fair or

amusement boardwalk the reader will soon discover the journey we travel in life does not reflect so many illusionary appearances but rather ones of cause and effect The subject matter and narrators in the Concave World and the Convex Realm show one commonality an analysis of psychological moments in the human mind But that s where it all ends What further takes place is left for unearthing by the reader Each dramatic monologue epitomizes indescribable experiences and word pictures to portray meaning and insight about ways of behaving passions connected to desires sensations linked to rages visions of innocence and experience and psychosocial influences tied to obsessions The poems in the Concave World function as a map for a networking journey into a complicated world of distortions similar to the curved interior images in a house of fun mirrors Once entered the innocent fun evolves into confusion where everyone must come face to face with their surrealistic selves The heightened stream of consciousness voices in the Convex Realm exhibit human beings on the verge of frightful remembrance and forgetfulness where they re attempting to seek some type of closure while at the same time they re unaware of the voyages of their unconscious minds not formed by personal encounters in their real environments
