A Surrealist Stratigraphy of Dorothea Tanning's Chasm Catriona McAra, 2016-11-10 In A Surrealist Stratigraphy of Dorothea Tanning's Chasm Catriona McAra offers the first critical study of the literary work of the celebrated American painter and sculptor Dorothea Tanning 1910-2012 McAra fills a major gap in the scholarship repositioning Tanning's writing at the centre of her entire creative oeuvre and focusing on a little known short story Abyss a gothic flavoured desert adventure which Tanning worked on intermittently throughout her creative life finally publishing it in 2004 as Chasm A Weekend McAra performs a major reassessment of the visual and literary principles upon which the surrealist movement was initially founded Combining a groundbreaking methodological

approach with reference to cultural theory and feminist aesthetics as well as Tanning's unpublished journals and notes McAra reveals Tanning as a key player in contemporary art practice as well as in the historical surrealist milieu *El oro del tiempo* José Miguel Pérez Corrales, 2016-06 Surrealismo el oro del tiempo en sus dos tomos que renen la actualidad de los ltimos cinco a os evidencia la continuidad y la permanencia tanto individual como colectiva de la aventura surrealista cuyo car cter revolucionario independiente y espec fico nunca desde sus or genes y a trav s del mundo ha dejado de plasmarse en una multitud de manifestaciones que a lo poco de verdadera realidad y a lo mucho de miserabilismo sigue oponiendo las fuerzas de la poes a como v rtigo del amor absoluto como sentido esencial de la vida del humor como revuelta ante un mundo absurdo y de la busca de una libertad sin concesiones *Bibliographie der französischen Literaturwissenschaft: 2013* Otto Klapp, 2014-10 Die Bibliographie ist von Band 1 an lieferbar *The Theater of the Marvelous* Gloria Feman Orenstein, 1975 *Surrealism: Theater, Arts, Ideas* Nahma Sandrow, 1972-01-01 **The Surrealist Connection** David G. Zinder, 1980 *Sacred Surrealism, Dissidence and International Avant-Garde Prose* Vivienne Brough-Evans, 2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of *divin fou* and consequently deploys theories of sacred ecstasy as developed by the Coll ge de Sociologie 1937-39 as a critical tool in shedding new light on the literary oeuvre of non French writers who worked both within and against a surrealist framework The minor surrealist genre of prose literature is considered herein rather than surrealism's mainstay poetry with the intention of fracturing preconceptions regarding the medium of surrealist expression The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left out of surrealist practice when analysed through this Bretonian lens The Coll ge de Sociologie and Georges Bataille's theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist influenced prose by Alejo Carpentier Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions The Coll ge and Bataille's dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism Using the concept of ekstasis to organise Bataille's theoretical ideas of excess and inner experience and the Coll ge's thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre *Theatre in Dada and Surrealism* J. H. Matthews,

Reading Claude Cahun's Disavowals Jennifer L. Shaw, 2017-07-05 The first monograph on a Surrealist cult classic Reading Claude Cahun's Disavowals offers a comprehensive account of Cahun's most important published work *Aveux non avenues* Disavowals 1930 Jennifer L Shaw provides an encompassing interpretation of this groundbreaking work paying careful attention to the complex interrelationship between the photomontages and writings of *Aveux non avenues* This study

argues that the texts and images of *Aveux non avenus* not only explore Cahun's own subjectivity they formulate a trenchant social and cultural critique Shaw explores how Cahun's work both calls into question the dominant culture of interwar France with its traditional gender roles religious conservatism and pronatalism and takes to task the era's artistic avant garde and in particular its models of desire This volume cuts across the disciplinary boundaries of interwar art studies demonstrating how one artist's personal exploration intervened in wider contemporary debates about the purpose of art the role of women in French culture and the status of homosexuality in the aftermath of World War I

Dada and Surrealist Performance Annabelle Melzer, Annabelle Winograd, 1994 The anarchic Dada movement is the subject of continuing interest among literary and cultural studies scholars as well as among theater professionals This book describes the founding of the movement among the Zurich performance collective known as the Cabaret Voltaire and traces its scandalous history

Performing Arts Mad Muses and the Early Surrealists Justin Vicari, 2011-11-08 The early surrealists attempted to create art directly from the unconscious but the resulting art often reveals the stamp of its age It is generally accepted that a certain macho sensibility prevailed within the movement excluding queer sensibilities and reducing women to object status In startling new readings of Breton Bataille Cocteau Artaud Crevel and others Justin Vicari examines the intersections between surrealism and mental illness deploying an interdisciplinary approach which includes aesthetic theory radical politics and psychoanalysis Of particular interest is the representation of the ideal woman as not only sexually available but mentally ill a hysteric muse representing a kind of authenticity lost in modern life

Surrealist Sorcery Will Atkin, 2023-08-10 Often regarded as an artistic movement of interwar Paris Surrealism comprised an international community of artists writers and intellectuals who have aspired to change the conditions of life itself over the course of the past century Consisting of a wide range of dedicated case studies from the 1920s to the 1970s this book highlights the international dimensions of the Surrealist Movement and the radical chains of thought that linked its followers across the globe from France to Romania and from Canada to the former Czechoslovakia From very early on the surrealists approached magic as a means of bypassing discrediting and combatting rationalism capitalism and other institutionalized systems and values that they saw to be constraining influences upon modern life *Surrealist Sorcery* maps out how this interest in magic developed into a major area of surrealist research that led not only to theoretical but also practical explorations of the subject Taking an international perspective Atkin surveys this important quality of the movement and how it's remained an important element in the surrealist project and its ongoing legacy

Surrealism, Insanity, and Poetry J. H. Matthews, 1982 In this groundbreaking original study J H Matthews clearly the chief scholarly explicator of surrealism today according to *Contemporary Literature* shows the surrealists goals and the imaginative freedom of mind are fused and diffused in the poet's creative world Hallucination game playing experimental research and the irrational which nurtures new ways of poetical expression are all interwoven Out of their eagerness to share benefits they ascribed to mental disturbance surrealists

developed an approach to poetic technique which capitalized on the free association of the unconscious mind without undermining the sanity of the poets themselves Matthews discusses early surrealist interest in psychosis hysteria and insanity This interest underlies such major works as Andre Breton's *Nadja* and Breton's and Paul Eluard's *The Immaculate Conception* It is in the latter text that the issue of insanity and its relationship to poetic activity is most clearly revealed as essential to the surrealist enterprise Also included here are chapters on insanity's poetic simulation and possession Matthews work is important to anyone interested in poetry the unconscious and the history of twentieth century ideas as well as to scholars of surrealism Karol Baron a Czech surrealist artist has provided six original drawings especially for this book Dust jacket

Languages of Revolt Inez Hedges, 1983 [The Language of Surrealism](#) Peter Stockwell, 2016-10-14 The Language of Surrealism explores the revolutionary experiments in language and mind undertaken by the surrealists across Europe between the wars Highly influential on the development of art literary modernism and current popular culture surrealist style remains challenging striking resonant and thrilling and the techniques by which surrealist writing achieves this are set out clearly in this book Stockwell draws on recent work in cognitive poetics and literary linguistics to re evaluate surrealism in its own historical setting In the process the book questions later critical theoretical views of language that have distorted our ideas about both surrealism and language itself What follows is a piece of literary criticism that is fully contextualised historically sensitive and textually driven and which sets out in rich and readable detail this most intriguing and disturbing literature

[Surrealist Case Studies](#) Clara Elizabeth Orban, 2001 **The Surrealists Look at Art** Paul Éluard, Aragon, Philippe Soupault, Pontus Hultén, André Breton, 1990 *Surrealism and the Crisis of the Object* Haim N. Finkelstein, 1979
