Luminous Nights Journey An Autobiographical Fragment:

Luminous Night's Journey A. H. Almaas, 2000-09-05 In *Luminous Night's Journey* Almaas shares excerpts from his personal journal which describe a certain thread in his own journey of realization and the processes involved in integrating that realization. This publication marks a fortunate development in our knowledge of how Being is realized in and through the human soul. The process of realization and integration of true nature described in the voice of one who articulates precisely and vividly the psychological and epistemological barriers which confront the individual consciousness as realization is integrated in the context of personal life. Almaas describes how his participation in the unfolding manifestation of Being ushers him into realms that expose and transform increasingly deep ego structures and attachments. *Luminous Night's Journey* clarifies how the unveiling of Being and the exposure of ego structures constitute one process leading to the soul's integrated realization of absolute nature and the manifestation of the human being as a personal embodiment of that nature.

The Point of Existence A. H. Almaas, 2000-09-05 The founder of the Diamond Approach to Self-Realization examines narcissism through a spiritual lens presenting it as our greatest barrier to understanding our truest self. In this book the author explores the underlying spiritual understanding of narcissism. He presents a detailed map of the steps involved in working through barriers that prevent us from recognizing the most essential nature of our true identity. Almaas is one of the most significant voices for a new and remarkably integrated spiritual vision. His work connects the personal, the universal, the psychological and the spiritual not as pieces put together but as the inseparable mandala of the sacred that we are. I respect his work to the highest degree and commend it to anyone interested in living the life of the spirit. Jack Kornfield Ph.D. author of *After the Ecstasy the Laundry*

Diamond Heart: Inexhaustible Mystery A. H. Almaas, 2011-07-12 The final volume in A. H. Almaas' masterwork on the contemporary spiritual path known as the Diamond Approach. From one perspective we can see ourselves merely as human beings struggling in a crowded and chaotic world of suffering. *Inexhaustible Mystery* opens our eyes to a different reality, one that turns our familiar world inside out. We need only explore with curiosity and love our true potential as human beings in order to discover infinite depth and creativity in our lives as we act and interact in the world. When time and space expand their meaning we come to know ourselves as having infinite dimensions of being and qualities of spirit and uncover new mysteries about ourselves, one another, and the reality we live in. This is the last of the five-volume Diamond Heart series of transcribed and edited talks given by A. H. Almaas to inner work groups in California and Colorado.

Figures of Buddhist Modernity in Asia Jeffrey Samuels, Justin Thomas McDaniel, Mark Michael Rowe, 2016-07-31 This book introduces contemporary Buddhists from across Asia and from various walks of life. Eschewing traditional hagiographies, the editors have collected sixty-six profiles of individuals who would be excluded from most Buddhist histories and ethnographies. In addition to monks and nuns, readers will encounter artists, psychologists, social workers, part-time priests, healers, and librarians, as well as charlatans, hucksters, profiteers, and rabble rousers, all whose lives reflect changes in

modern Buddhism even as they themselves shape the course of these changes The editors and contributors are fundamentally concerned with how individual Buddhists make meaning and display this understanding to others Some practitioners profiled look to the past lamenting the transformations Buddhism has undergone in recent times while others embrace these Some have adopted a new asceticism while others are eager to explore different religious traditions as they think about their own ways of being Buddhist Arranging the profiles according to these themes looking backward forward inward and outward reveals the value of studying individual Buddhists and their idiosyncratic religious backgrounds and attitudes thus highlighting the diversity of approaches to the practice and study of Buddhism in Asia today Students and teachers will welcome sections on further readings and additional tables of contents that organize the profiles thematically as well as by tradition Theravada Mahayana Vajrayana region and country

The Alchemy of Freedom A. H. Almaas, 2017-03-28 Well known spiritual teacher A H Almaas uses the metaphor of the mysterious philosopher's stone to discuss a tremendous liberating power that leads to endless enlightenment For millennia alchemists sought the philosopher's stone the miracle substance believed to be the key to all the secrets of existence The quest was fueled by some of the prime questions of human existence What am I Why am I here How has this world come to be A H Almaas shows that the tremendous liberating power of the mysterious philosopher's stone is closer to us than we realize In fact it is the true nature of all reality in all times and all places without being limited to being anything in particular Through the philosopher's stone real transformation can happen our consciousness can become free and we can open to all the possibilities of reality Almaas discusses the factors that are involved in igniting the catalytic property of the philosopher's stone and then begins to unpack the properties of true nature when it is free of constraints Finally we are left with the revelation that true nature is endlessly knowable and yet nothing we can know or say about it exhausts its mystery and power The result is a new understanding of what liberation and practice are and a view of what it's like when seeking ceases and life becomes a process of continual discovery We begin to appreciate that the freedom of reality expressed in the complete and fulfilled life all human beings seek and few find is actually the simplicity of the ordinary

The Unfolding Now A. H. Almaas, 2008-06-10 The keys to self knowledge and deep contentment are right here before us in this very moment if we can simply learn to live with presence and open awareness In *The Unfolding Now* A H Almaas presents a marvelously effective practice for developing the transformative quality of presence Through a particular method of self observation and contemplative exploration that he calls inquiry we learn to live in the relaxed condition of simply being ourselves without interference from feelings of inadequacy drivenness toward goals

struggling to figure things out and rejecting experiences we don't want Almaas explores the many obstacles that keep us from being present including defensiveness ignorance desire aggression and self hatred and shows us how to welcome with curiosity and compassion whatever we are experiencing **The Power of Divine Eros** A. H. Almaas, Karen

Johnson, 2013-09-17 Two innovative spiritual teachers show how to use desire and passion eros as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey According to A H Almaas and Karen Johnson they are an essential part of it Conventional wisdom cautions that desire and passion are opposed to the spiritual path that engaging in desire will take you more into the world into egoic life And for most people that is exactly what happens We naturally tend to experience wanting in a self centered way The Power of Divine Eros challenges the view that the divine and the erotic are separate When we open to the energy aliveness spontaneity and zest of erotic love we will find it inseparable from the realm of the holy and sacred When this is understood desire and passion become a gateway to wholeness and to realizing our full potential Through guided exercises the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically to relate with openness and to discover dynamic inner realms with another person Through embodying the energy of eros each of us can learn to be fully real and alive in all of our interactions Runaway Realization A. H. Almaas, 2014-10-21 Spiritual teacher A H Almaas presents the highest level

and most profound teachings of the Diamond Approach on the true nature of reality and the path to enlightenment The teaching in this book is off the map because reality itself cannot be captured in a map In fact reality is far more alive far more mysterious than anything we can conceive of It is always revealing itself by knowing itself and knowing reality and living it becomes the fulfillment of our life Here A H Almaas the originator of the Diamond Approach presents a new paradigm for understanding reality the view of totality He reveals that our life can become an endless revelation of reality an adventure with neither beginning nor end A H Almaas has been developing and teaching the Diamond Approach a spiritual path of self realization and maturity based on an original synthesis of modern discoveries in the field of psychology and a new paradigm about spiritual nature for more than thirty years The Diamond Approach aims to realize the truth at progressively deeper levels until one reaches the ultimate Truth the Absolute and to become integrated into that truth so that we are a living presence and embodiment of it The teachings of this path have been unfolding over time and Runaway Realization presents for the first time in print the highest level of teachings in the Diamond Approach in the most profound work by Almaas so far Almaas offers a detailed look at the true nature of reality and the nature of enlightenment He also talks about practice what it is and what it isn't and how it relates to the process of realization He looks at what it is to be a human being and what our role is in the totality of the universe The material includes a discussion of the nature of space and time as well as a view of more and more subtle levels of realization **Brilliancy** A. H. Almaas, 2006-05-09 Intelligence is one of the defining characteristics of human beings an inherent ability to respond to the world with awareness knowledge learning and insight

Most considerations of human intelligence are based on the notion that intelligence is a product of brain functioning. A H Almaas introduces here a radically different viewpoint, one that recognizes an actual quality of consciousness as the source of intelligence. He calls this source the Brilliancy of our true nature. The presentation of his understanding of intelligence is followed by in-depth dialogues with his students on the various barriers to recognizing and embodying this essential quality. In particular, an unresolved relationship with one's father is found to shape the experience of Brilliancy. Using a Socratic method that draws upon techniques of body-centered Gestalt, psychodynamic, and cognitive psychologies, Almaas helps participants work through their defenses and conflicts surrounding this issue and then diverging from psychotherapeutic practice guides them in discovering their own Brilliancy. Diamond Heart: Elements of the Real in Man A. H.

Almaas, 2000-09-05 The opening installment in a five-volume series on the Diamond Approach, a path to greater self and spiritual realization presented by its founder. Founded by spiritual teacher A H Almaas, the Diamond Approach presents a unique path to enlightenment that borrows from modern psychology and therapy. Through the method's core practice of inquiry, practitioners engage with their inner world, the very qualities and experiences that make them human, as a means of unlocking their potential and discovering the true power of their spiritual nature. This five-volume series is a collection of Almaas' lectures on the Diamond Approach. In Elements of the Real in Man, he covers topics such as faith, commitment, nobility, and suffering, truth, and compassion, allowing and growing up. Through these talks, Almaas offers valuable guidance and advice for those on a spiritual path, and he explores the challenges and psychological barriers faced by those seeking self-realization.

The Diamond Approach John Davis, 2021-05-25 A revised and expanded edition of the definitive guide to the Diamond Approach, the modern contemplative practice that integrates psychology and spirituality and emphasizes the importance of self-inquiry. The Diamond Approach has been developed and taught over the last forty-five years by Hameed Ali, who is known chiefly by his pen name A H Almaas. This book, the first to offer a full overview of the Diamond Approach, is now revised and expanded with a new foreword by Almaas, a new preface by the author, and a new chapter that explores the most recent developments in Almaas's teaching and practice methods. Author John Davis offers a rich, compelling introduction to the unique spiritual tradition that philosopher Ken Wilber recommends as the most balanced of the widely available spiritual psychologies/therapies. Influenced by ancient traditions such as Sufism and Buddhism, as well as by modern psychology, the Diamond Approach is particularly well-suited to twenty-first-century seekers who embrace both spirituality and science. Beginning with an account of his own work with the Diamond Approach, Davis proceeds to outline the tradition's central practice of Inquiry, a form of open-ended exploration of present-moment experience akin to mindfulness practice. From there, he launches readers into an exploration of metaphysical concepts such as soul space, Essence, self-realization, and the dimensions of Being. Complex yet concise, profound yet accessible, The Diamond Approach offers readers bold new perspectives on reality and human potential. The Void A. H. Almaas, 2000-09-05 The first volume in an eye-opening series

Cattoi,J.
