**Light of Faith** Thomas Aguinas, Saint Thomas (Aguinas), 1998 Just two years before he died St Thomas Aguinas probably the greatest teacher the Church has ever known was asked by his assistant Brother Reginald to write a simple summary of the truths of the Faith for those who find his massive Summa Theologica too intimidating **Light of Faith** Saint Thomas Aguinas's Shorter Summa Saint Thomas Aguinas, 2002-01-15 This book contains Aguinas clear summary of the Faith It's a concise statement of the key doctrines of the Church from her most highly esteemed doctor Philosophical Legacy of Jorge J. E. Gracia Robert A. Delfino, William Irwin, Jonathan J. Sanford, 2022-01-31 Fleeing Cuba in 1961 Jorge J E Gracia arrived in the USA at the age of nineteen without family and unable to speak English Ten years later he was assistant professor of philosophy at the State University of New York at Buffalo Over the next 50 years Gracia published dozens of books and hundreds of articles making major contributions to numerous areas of philosophy Latin American philosophy race and ethnicity Medieval philosophy philosophical historiography metaphysics and ontology and theory of interpretation This book is a critical response to Gracia s work and a tribute to his legacy It includes a comprehensive bibliography of Gracia s philosophical works Thomas Aguinas Pasquale Porro, 2016-02 The development of ideas in Thomas Aguinas s philosophical thinking has been the subject of numerous smaller studies but no contemporary work in the English speaking world covers his every single work in chronological order in terms of philosophical development influences manuscript evidence and historical setting In Thomas Aguinas A Historical and Philosophical Profile Pasquale Porro has provided a complete landscape of Thomas s corpus that will give Thomistic scholars and students an invaluable reference point for research discussion and debate **Reconfiguring Thomistic Christology** Matthew Levering, 2023-03-30 In this book Matthew Levering unites eschatologically charged biblical Christology with metaphysical and dogmatic Thomistic Christology by highlighting the typological Christologies shared by Scripture the Church Fathers and Aguinas Like the Church Fathers Aguinas often reflected upon Jesus in typological terms especially in his biblical commentaries just as the New Testament does Showing the connections between New Testament Patristic and Aguinas own typological portraits of Jesus Levering reveals how the eschatological Jesus of biblical scholarship can be integrated with Thomistic Christology His study produces a fully contemporary Thomistic Christology that unites ressourcement and Thomistic modes of theological inquiry thereby bridging two schools of contemporary theology that too often are imagined as rivals Levering s book reflects and augments the current resurgence of Thomistic Christology as an ecumenical project of relevance to all Christians

**Thomas Aquinas and His Predecessors** Leo Elders,2018-04-20 Thomas Aquinas and His Predecessors takes us on a voyage through the history of philosophical thought as present in the works of Thomas Aquinas It is a synthetic presentation of the works and thought of the great predecessors of Aquinas as he kne <u>The Theologian's Enterprise</u> Fr. Aidan Nichols, O.P.,2020 In this brief guide an internationally acclaimed theologian and Dominican priest explains the approach to Catholic

theology that he has worked out during his nearly forty years of publishing books and articles in the service of the Church He looks at the nature of theology its status as a science that is also a wisdom its intrinsic principles and methods its sources and its subdivisions. He discusses the qualities the budding theologian must make his own if theology is to be authentically Catholic and assist rather than hinder the Church's mission In a time of considerable confusion in the intellectual life of the Church arising not only from professors but from hierarchs The Theologian's Enterprise offers comprehensive yet concise counsel to those setting out in the study of their faith perhaps for the first time Ethics Rev. James L. Breed, Ph.D., 2017-08-10 Ethics by Rev James L Breed Ph D Ethics An Introduction to the Western Schools of Thought in Moral Philosophy is an introductory textbook in moral philosophy It provides an outline of the main schools of thought in the Western philosophical traditions with a brief analysis of each school of thought and the views of its critics This text is designed to cover the major theories and schools of thought in moral philosophy the divine command theory the deontological theories natural law theory virtue ethics other teleological theories including egoism and hedonism the ethics of community utilitarianism existentialist ethics individualism and radical individualism relativism realist and absolutist theories feminist ethics environmentalist ethics the focus on the need for individual judgment and moral commitment and Freedom and Necessity in Modern Trinitarian Theology Brandon Gallaher, 2016-09-15 Freedom and contextualism Necessity in Modern Trinitarian Theology examines the tension between God and the world through a constructive reading of the Trinitarian theologies and Christologies of Sergii Bulgakov 1871 1944 Karl Barth 1886 1968 and Hans Urs von Balthasar 1905 1988 It focuses on what is called the problematic of divine freedom and necessity and the response of the writers Problematic refers to God being simultaneously radically free and utterly bound to creation God did not need to create and redeem the world in Christ It is a contingent free gift Yet on the other side of a dialectic he also has eternally determined himself to be God as Jesus Christ He must create and redeem the world to be God as he has so determined In this way the world is given a certain free necessity by him because if there were no world then there would be no Christ A spectrum of different concepts of freedom and necessity and a theological ideal of a balance between the same are outlined and then used to illumine the writers and to articulate a constructive response to the problematic Brandon Gallaher shows that the classical Christian understanding of God having a non necessary relationship to the world and divine freedom being a sheer assertion of God's will must be completely rethought Gallaher proposes a Trinitarian Christocentric and cruciform vision of divine freedom God is free as eternally self giving self emptying and self receiving love The work concludes with a contemporary theology of divine freedom founded on divine election Faith, Ethics, and Church David Aers, 2000 Examination of key texts Chaucer to Wyclif sheds new light on medieval spirituality The relationship between versions of the late medieval Church faith ethics and the lay powers as explored in a range of late fourteenth and early fifteenth century texts written in England is the subject of this book It argues that they disclose strikingly diverse models of Christian discipleship and

examines the sources and consequences of such differences Issues investigated include whether the Church could shape modern communities and individualidentities and how it could combine its status as a major landlord and trader without being assimilated by the various networks of earthly power and profit The book begins with Chaucer's treatment of received versions of faith ethics and the Church and moves via St Thomas Ockham Nicholas Love Gower the Gawain poet and Langland who pursues the issues with particular intensity and focus to Wyclif's construal of Christian discipleship in relation to his projected reform of the Church Interdisciplinary in approach the book will be of interest to all those studying late medieval Christianity and literature DAVID AERS is James B Duke Professor of English and Professor of Historical Theology at Duke University — Death and Afterlife Terence Nichols,2010-03-01 Many people fear dying and are uncertain about life after death In this engaging book a Catholic theologian addresses perennial human questions about death and what lies beyond making a Christian case for an afterlife with God Nichols begins by examining views of death and the afterlife in Scripture and the Christian tradition He takes up scientific and philosophical challenges to the afterlife and considers what we can learn about it from near death experiences Nichols then addresses topics such as the soul bodily resurrection salvation heaven hell and purgatory Finally he addresses the important issue of preparing for death and dying well

**Enacting Atonement** Roy McDaniel, 2025-11-04 Discover the story of salvation in Christ through Levitical rituals Atonement lies at the heart of the Christian faith In Christ's work of atonement we are reconciled to God enabled to draw near to him and can see his glory Through studying the Levitical burnt offering Roy McDaniel takes readers on a deep exploration of Leviticus 1 1 9 in this thought provoking volume part of the Studies in Christian Doctrine and Scripture series from IVP Academic Using elements of narrative analysis like setting plot and hero McDaniel shows how the Levitical burnt offering is a ritual recapitulation of the narrative of Israel's election and deliverance as depicted in Genesis and Exodus and how in doing so it proclaims the atoning work of Christ At the heart of this work lies the logic of atonement present in the Levitical burnt offering an idea that contributes to the doctrine of atonement by demonstrating how Christ's incarnate sacrifice is rooted in his eternal identity as God the Son In Enacting Atonement Roy McDaniel Provides a coherent account of atonement centered on the eternal identity of the Son Shows how Levitical sacrifice can inform the church's doctrine of atonement by modeling a careful theological exegesis of Leviticus and Explores questions about the meaning of sacrifice and its relationship to the being and attributes of God Whether you re a scholar student pastor theologian or a layperson seeking deeper understanding Enacting Atonement invites you to uncover the rich tapestry of God's redemptive narrative in the Beyond Male and Female? Sam Ashton, 2023-09-21 In this incisive work Sam Ashton provides a Levitical ritual compelling consistent and erudite argument for a foundational approach to the matter of sexual difference drawing on biblical and doctrinal material and using resources in their original languages He tracks and traces the sexed body as it moves from creation through the fall to redemption now and final consummation not yet In doing so Ashton presents what is

perhaps the strongest case that can be made for male and female He created them Each chapter privileges biblical exegesis drawing upon figures in church history notably Augustine and Aguinas as and when they illumine Scripture By doing so the book considers the difficulty presented to sexual dimorphism by the phenomenon of intersex Ashton seeks to develop an understanding that is generous inclusive and affirming so he works carefully through the writings of Thatcher Song and Cornwall in a way that invites engagement and dialogue With the complete divine drama in view the book offers synthetic judgments about what remains essential for the structure of the sexed body as it travels through history and what may be accidental to the sexed body s direction within a particular theo dramatic act Ashton concludes by considering ways to transition from dogmatic judgments about intersexuality to the moral pastoral care of concrete intersex individuals briefly thinking about the complex matter of marriage **The Fear of the Lord** Michael Allen, 2022-01-13 This volume examines what it means to proceed in the path of wisdom by beginning with fear of God that is mindfulness always and everywhere of God's being and presence Michael Allen describes the praxis of fearing the Lord how that posture of contemplative pursuit marks the theological task and defines our theological method in so doing it takes up the significant topics of divine revelation theological exeges intellectual asceticism and retrieval ressourcement from a distinctly doctrinal perspective In each of these conversations doing theology in the presence of God functions as a consistent thread God is not mere object but truly functions as subject in the process of theological growth though God's presence and agency fund rather than negate creaturely theological responsibility The Fear of the Lord Essays on Theological Method explores some of the most central questions of contemporary theological method revelation Scripture theological interpretation retrieval intellectual asceticism scholastic method by asking in each and every case what it means to think fundamentally of the perfect and present God involved and active in these spheres The Dominican Tradition Phyllis Zagano, Thomas McGonigle, 2016-03-24 St Dominic who died in 1221 took to heart Jesus charge to make disciples of all nations He founded a religious community the Order of Preachers which differed from most orders of his day Dominic trained preachers who traveled anywhere and everywhere to spread the Gospel The Dominicans continue to flourish today The Dominican Tradition the first in a spirituality anthology series provides readers a window into Dominican spirituality You will learn the core values that shape their way of life Mostly you will come to realize that the spiritual legacy established by Dominic is as vibrant today as it was centuries ago Phyllis Zagano PhD is senior research associate in residence at Hofstra University where she teaches in the Department of Religion She is also the author of Woman to Woman published by Liturgical Press Thomas McGonigle OP teaches in the history department at Providence College in Rhode Island He specializes in Dominican spirituality and history **Jacques Maritain** and the Many Ways of Knowing Douglas A. Ollivant, 2002 Drawing on the writings of Jacques Maritain and by extension those of Thomas Aguinas the essays in this volume examine the effects of theories of knowledge on individuals culture and entire schools of philosophical thought The contributors challenge contemporary epistemologies which are largely based on

writings of Descartes Locke and Kant They critique these theories internally and demonstrate their incompatibility with other goods such as liberty human dignity and access to the transcendent In stark contrast to modernity s dubious and fragmented opinions and belief systems Maritain in works like The Degrees of Knowledge and Creative Intuition in Art and Poetry proposed a theory of knowledge that permits real if limited knowledge of substances wholes Some contributors use these works as a springboard from which to examine aspects or applications of knowledge that Maritain left unexplored Others challenge or question aspects of Maritain's analysis seeking to improve upon his work Still others compare Maritain with other neo Thomistic philosophers most notably Etienne Gilson Alasdair MacIntyre and Pope John Paul II Maritain s works on human knowledge and the implicit critique of modernity contained within provide an alternative for those seeking to engage the various deficiencies of the culture of death These essays demonstrate the continuing relevance and timeliness of Maritain s thought Douglas A Ollivant is assistant professor of politics at the United States Military Academy Contributors George Anastaplo James Arraj Joseph M de Torre Robert Delfino Raymond Dennehy John M Dunaway Robert Fallon Desmond FitzGerald William J Fossati W Matthews Grant Catherine Green James G Hanink Gregory J Kerr John F X Knasas John F Morris Ralph Nelson Douglas A Ollivant Matthew S Pugh Steven J Schloeder Christopher H Toner John G Trapani Jr Henk E S Woldring and Thomas F Woods This is a valuable collection of articles on an important individual who is still influencing contemporary political thought Lucien J Richard OMI Catholic Library World Disability in the Christian Tradition Brian Brock, John Swinton, 2012-08-06 For two millennia Christians have thought about what human impairment is and how faith communities and society should respond to people with perceived impairments But never has one volume collected the most significant Christian writings on disability This book fills that gap Brian Brock and John Swinton's Disability in the Christian Tradition brings together for the first time key writings by thinkers from all periods of Christian history including Augustine Aguinas Julian of Norwich Luther Calvin Hegel Kierkegaard Bonhoeffer Barth Hauerwas and more Fourteen contemporary experts in theology and disability studies guide readers through each era or group of thinkers offering clear commentary and Christian Philosophy A-Z Daniel Hill, 2006-07-21 A handy guide to the major figures and highlighting important themes issues in Christian philosophy from Augustine to the present This volume covers a broad historical sweep and takes into account those non Christian philosophers that have had a great impact on the Christian tradition However it concentrates on the issues that perplex Christian philosophers as they seek to think through their faith in a philosophical way and their philosophical beliefs in the light of their faith Examples of the topics discussed are the question of whether and how God knows the future whether we actually know that God exists and what Athens has to do with Jerusalem The leaders of the recent revival of Christian analytic philosophy especially Alvin Plantinga Nicholas Wolterstorff William Alston and Robert Adams are also included The Testimony of the Spirit R.
