Lights Out Lights Out:

Lights Out Arthur Geisert, 2005-09-26 Mama and Papa are firm lights out at eight o'clock But their little piglet is afraid of the dark They say If you can figure something out go ahead So the piglet devises an ingenious series of contraptions that allow him to obey his parents while still keeping the light on long enough to fall asleep Dominoes tricycles bowling balls and baseball bats play a part as each action and reaction leads gradually to the final tug on the lamp's switch Follow Arthur Geisert's detailed etchings as they reveal each step of kinetic wonder leading gradually to lights out **Lights Out** R. Wiley and Bent Formby deliver staggering findings Americans really are sick from being tired Diabetes heart disease cancer and depression are rising in our population We're literally dying for a good night's sleep Our lifestyle wasn't always this way It began with the invention of the lightbulb When we don't get enough sleep in sync with seasonal light exposure we fundamentally alter a balance of nature that has been programmed into our physiology since day one This delicate biological rhythm rules the hormones and neurotransmitters that determine appetite fertility and mental and physical health When we rely on artificial light to extend our day until 11 p.m. midnight and beyond we fool our bodies into living in a perpetual state of summer Anticipating the scarce food supply and forced inactivity of winter our bodies begin storing fat and slowing metabolism to sustain us through the months of hibernation and hunger

that never arrive Our own survival instinct honed over millennia is now killing us Wiley and Formby also reveal That studies from our own government research prove the role of sleeplessness in diabetes heart disease cancer infertility mental illness and premature aging Why the carbohydrate rich diets recommended by many health professionals are not only ridiculously ineffective but deadly Why the lifesaving information that can turn things around is one of the best kept secrets of our day Lights Out is one wake up call none of us can afford to miss **Lights Out** Travis Freeman,2014-10 The story that inspired the major motion picture 23 Blast Cover **LIGHTS OUT** Travis A.
