Lineages Of Despotism And Development British Colonialism And State Power:

Lineages of Despotism and Development Matthew Lange, 2009-08-01 Traditionally social scientists have assumed that past imperialism hinders the future development prospects of colonized nations Challenging this widespread belief Matthew Lange argues in *Lineages of Despotism and Development* that countries once under direct British imperial control have developed more successfully than those that were ruled indirectly Combining statistical analysis with in depth case studies of former British colonies this volume argues that direct rule promoted cogent and coherent states with high levels of bureaucratization and inclusiveness which contributed to implementing development policy during late colonialism and independence On the other hand Lange finds that indirect British rule created patrimonial weak states that preyed on their own populations Firmly grounded in the tradition of comparative historical analysis while offering fresh insight into the colonial roots of uneven development *Lineages of Despotism and Development* will interest economists sociologists and political scientists alike

British Colonialism and the Criminalization of Homosexuality Enze Han, Joseph O'Mahoney, 2018-05-03 *British Colonialism and the Criminalization of Homosexuality* examines whether colonial rule is responsible for the historical and continuing criminalization of same sex sexual relations in many parts of the world Enze Han and Joseph O Mahoney gather and assess historical evidence to demonstrate the different ways in which the British empire spread laws criminalizing homosexual conduct amongst its colonies Evidence includes case studies of former British colonies and the common law and criminal codes like the Indian Penal Code of 1860 and the Queensland Criminal Code of 1899 Surveying a wide range of countries the authors scrutinise whether ex British colonies are more likely to have laws that criminalize homosexual conduct than other ex colonies or other states in general They interrogate the claim that British imperialism uniquely poisoned societies against homosexuality and look at the legacies of colonialism and the politics and legal status of homosexuality across the globe

Colonialism and Postcolonial Development James Mahoney, 2010-02-15 In this comparative historical analysis of Spanish America Mahoney offers a new theory of colonialism and postcolonial development He explores why certain kinds of societies are subject to certain kinds of colonialism and why these forms of colonialism give rise to countries with differing levels of economic prosperity and social well being Mahoney contends that differences in the extent of colonialism are best explained by the potentially evolving fit between the institutions of the colonizing nation and those of the colonized society Moreover he shows how institutions forged under colonialism bring countries to relative levels of development that may prove remarkably enduring in the postcolonial period The argument is sure to stir discussion and debate both among experts on Spanish America who believe that development is not tightly bound by the colonial past and among scholars of colonialism who suggest that the institutional identity of the colonizing nation is of little consequence

Fates of Political Liberalism in the British Post-Colony Terence C. Halliday, Lucien Karpik, Malcolm M. Feeley, 2012-02-13 This book presents a theory of political liberalism in the British post

colonies The Oxford Handbook of Transformations of the State Stephan Leibfried, Evelyne Huber, Matthew Lange, Jonah D. Levy, Frank Nullmeier, John D. Stephens, 2015-06-11 This Handbook offers a comprehensive treatment of transformations of the state from its origins in different parts of the world and different time periods to its transformations since World War II in the advanced industrial countries the post Communist world and the Global South Leading experts in their fields from Europe and North America discuss conceptualizations and theories of the state and the transformations of the state in its engagement with a changing international environment as well as with changing domestic economic social and political challenges The Handbook covers different types of states in the Global South from failed to predatory rentier and developmental in different kinds of advanced industrial political economies corporatist statist liberal import substitution industrialization and in various post Communist countries Russia China successor states to the USSR and Eastern Europe It also addresses crucial challenges in different areas of state intervention from security to financial regulation migration welfare states democratization and quality of democracy ethno nationalism and human development The volume makes a compelling case that far from losing its relevance in the face of globalization the state remains a key actor in all areas of social and economic life changing its areas of intervention its modes of operation and its structures in adaption to new international and domestic challenges **Imperial Borderlands** Bogdan G. Popescu, 2023-11-08 What are the institutions which govern border spaces and how do they impact long term economic and social development This book focuses on the Habsburg military frontier zone which originated in the sixteenth century as an instrument for protecting the empire's southern border against the threat of the Ottoman Empire and which lasted until the 1880s The book outlines the conditions under which this extractive institution affected development showing how locals were forced to work as soldiers and exposed to rigid communal property rights an inflexible labor market and discrimination when it came to the provision of public infrastructure While the formal institutions set up during the military colony disappeared their legacy can be traced in political attitudes and social norms even today with the violence and abuses exercised by the imperial government transformed into distrust in public authorities limited political involvement and low social capital **Ernest Gellner** John A. Hall, 2014-06-10 Ernest Gellner 1925-95 was a multilingual polymath and a public intellectual who set the agenda in the study of nationalism and the sociology of Islam Having grown up in Paris Prague and England he was also one of the last great Jewish thinkers from Central Europe to experience directly the impact of the Holocaust His intellectual trajectory differed from that of similar thinkers both in producing a highly integrated philosophy of modernity and in combining a respect for nationalism with an appreciation of the power of modern science Gellner was a fierce opponent in private as well as in public of such contemporaries as Michael Oakeshott Isaiah Berlin Charles Taylor Noam Chomsky and Edward Said As this definitive biography shows he was passionate in the defense of reason against every form of relativism a battle that his intellectual inheritors continue to this day Africa's Development in Historical Perspective Emmanuel Akyeampong, Robert

H. Bates, Nathan Nunn, James Robinson, 2014-08-11 Why has Africa remained persistently poor over its recorded history Has Africa always been poor What has been the nature of Africa's poverty and how do we explain its origins This volume takes a necessary interdisciplinary approach to these questions by bringing together perspectives from archaeology linguistics history anthropology political science and economics Several contributors note that Africa's development was at par with many areas of Europe in the first millennium of the Common Era Why Africa fell behind is a key theme in this volume with insights that should inform Africa's developmental strategies *Hong Kong Society* Stephen WK Chiu, Kaxton YK

Siu, 2022-02-23 This book borrows the concept of high definition from digital broadcasting to highlight our unique approach to Hong Kong society which gives a sharper image than analyses It intends to highlight contrasts with many common and taken for granted stories myths and representations of Hong Kong which often presented with a low level of detail lacking proper connections between grounded personal experiences and the macro social context With chapters covering various salient dimensions of Hong Kong's society including migration economy inequality identity and social movements our high definition approach presents images with high enough resolution to match multiple layers of experiences from walks of life of Hong Kong people contributing to an understanding of how global transformation impacts local people's experiences as well as Hong Kong's significance in the regional and global system The Colonial Origins of Ethnic Violence in India Ajay

Verghese, 2016-03-02 The neighboring north Indian districts of Jaipur and Ajmer are identical in language geography and religious and caste demography But when the famous Babri Mosque in Ayodhya was destroyed in 1992 Jaipur burned while Ajmer remained peaceful when the state clashed over low caste affirmative action quotas in 2008 Ajmer's residents rioted while Jaipur's citizens stayed calm What explains these divergent patterns of ethnic conflict across multiethnic states Using archival research and elite interviews in five case studies spanning north south and east India as well as a quantitative analysis of 589 districts Ajay Verghese shows that the legacies of British colonialism drive contemporary conflict Because India served as a model for British colonial expansion into parts of Africa and Southeast Asia this project links Indian ethnic conflict to violent outcomes across an array of multiethnic states including cases as diverse as Nigeria and Malaysia The Colonial Origins of Ethnic Violence in India makes important contributions to the study of Indian politics ethnicity conflict and historical legacies The Routledge Handbook of Contemporary Inequalities and the Life Course Magda Nico, Gary

Pollock, 2021-12-30 Drawing upon perspectives from across the globe and employing an interdisciplinary life course approach this handbook explores the production and reproduction of different types of inequality across a variety of social contexts Inequalities are not static easily measurable and essentially quantifiable circumstances of life They are processes which impact on individuals throughout the life course interacting with each other accumulating attenuating reproducing or distorting themselves along the way The chapters in this handbook examine various types of inequality such as economic gender racial and ethnic inequalities and analyse how these inequalities manifest themselves within different aspects of

society including health education and the family at multiple levels and dimensions The handbook also tackles the global COVID 19 pandemic and its striking impact on the production and intensification of inequalities The interdisciplinary life course approach utilised in this handbook combines quantitative and qualitative methods to bridge the gap between theory and practice and offer strategies and principles for identifying and tackling issues of inequality This book will be indispensable for students and researchers as well as activists and policy makers interested in understanding and eradicating the processes of production reproduction and perpetuation of inequalities [The Politics of Distributing Social Transfers](#)

Tom Lavers,2022-03-14 This book provides a systematic analysis of the political processes shaping the distribution of social transfers in six countries in Sub Saharan Africa and South Asia **State Capture in South Africa** Karl von Holdt,Robyn Foley,Ryan Brunette,Jonathan Klaaren,Reg Rumney,Cherese Thakur,Sizwe Mpofu-Walsh,Devi Pillay,Michael Marchant,Luke Spiropoulos,Hennie van Vuuren,Patrick Heller,Barney Pityana,2023-06 A scholarly analysis of how state capture unfolded in South Africa and how it was contested by a range of actors in civil society political organizations and within the state itself

The Judicial Committee of the Privy Council and the Caribbean Court of Justice , Harold A. Young,2020-07-31 Countries that have a domestic final appellate court have established a judicial institution over which they have control as part of the policymaking governing structure and how they view other existing and emerging extraterritorial courts will be influenced by their perception of the court and the role it will play when the policies of the governing coalition are challenged This book analyzes that phenomenon in terms of the broader construction and understanding of the state in the era of international law legal tribunals and globalization By zooming in on the Judicial Committee of the Privy Council JCPC an ancient colonial court Harold Young examines how the Caribbean Community specifically the 15 former British colonies comprising the Caribbean Basin are navigating their changing political environments and transitioning to its own extraterritorial court the Caribbean Court of Justice Using historical reviews descriptive analyses and statistical methodologies Young finds that the choice to retain the JCPC at independence is influenced by the colonial experience the length of colonial rule and how deeply embedded the JCPC is on the governing structures of the new state *From Colonialism to International Aid* Carina Schmitt,2020-06-29 This open access volume addresses the role of external actors in social protection in the Global South from the Second World War until today analysing the influence of colonial powers superpowers during the Cold War and contemporary donor agencies Following an introduction to the analysis of external actors in social policy making in the Global South the contributions explore which external actors were dominant in the decades after World War II and how they shaped early and contemporary social protection making in developing countries The latter half of the collection elucidates important players in the contemporary transnational social policy arena such as donor organizations and international organizations and critically evaluates the potential for and limits of the explanatory power of external actors in social protection making in the Global South considering the relative contribution of external and

domestic influences By examining how transnational relationships and external actors have influenced the formation development and transformation of social policies in the developing world this collection will be an invaluable resource for scholars interested in social protection in the Global South from a range of disciplines These include political science social policy and sociology as well as historians of the welfare state international relations scholars and scholars working on global and transnational social policy and development policy

Development in Crisis Rae Lesser Blumberg, Samuel Cohn, 2015-08-20 Development in Crisis Threats to human well being in the Global South and Global North is a provocative engaging and interesting collection of real world case studies in development and globalization focusing on under emphasized threats to growth and human welfare worldwide Created by two of America s top development sociologists it targets undergraduates graduates academics and development professionals Crises such as falling state capacity declining technological innovation increasing class inequality and persisting gender inequality are considered along with their economic and social consequences

The Oxford Handbook of Historical Institutionalism Orfeo Fioretos, Tulia G. Falletti, Adam Sheingate, 2016-03-17 The Oxford Handbook of Historical Institutionalism offers an authoritative and accessible state of the art analysis of the historical institutionalism research tradition in Political Science Devoted to the study of how temporal processes and events influence the origin and transformation of institutions that govern political and economic relations historical institutionalism has grown considerably in the last two decades With its attention to past present and potential future contributions to the research tradition the volume represents an essential reference point for those interested in historical institutionalism Written in accessible style by leading scholars thirty eight chapters detail the contributions of historical institutionalism to an expanding array of topics in the study of comparative American European and international politics

The Politics of Inclusive Development Samuel Hickey, Kunal Sen, Badru Bukenya, 2015 It is now widely accepted that politics plays a significant role in shaping the possibilities for inclusive development However the specific ways in which this happens across different types and forms of development and in different contexts remains poorly understood This collection provides a state of the art review regarding what is currently known about the politics of inclusive development Leading academics offer systematic reviews of how politics shapes development across multiple dimensions including through growth natural resource governance poverty reduction service delivery social protection justice systems the empowerment of marginalised groups and the role of both traditional and non traditional donors The volume not only provides a comprehensive update but also a ground breaking range of new directions for thinking and acting around these issues The book s originality thus derives not only from the wide scope of its case study material but also from the new conceptual approaches it offers for thinking about the politics of inclusive development and the innovative and practical suggestions for donors policy makers and practitioners that flow from this

Administrative Traditions B. Guy Peters, 2021-02-02 Contemporary public administration reflects its historical roots as well as contemporary ideas about how

the public bureaucracy should be organized and function This book argues that there are administrative traditions that have their roots centuries ago but continue to influence administrative behaviour Further within Western Europe North America and the Antipodes there are four distinctive administrative traditions Anglo American Napoleonic Germanic and Scandinavian These are not the only traditions however and the book also explores administrative traditions in Central and Eastern Europe Latin America Asia and the Islamic world In addition the book contains a discussion of how administrative traditions of the colonial powers influenced contemporary administration in Africa and how they continue to interact with traditional forms of governance These discussions of tradition and persistence are also discussed in light of the numerous attempts to reform and change public administration Some administrative traditions have been more capable than others of resisting attempts at reform especially those associated with the New Public Management *Colonial Bureaucracy and Contemporary Citizenship* Yael Berda, 2022-11-17 How do the legacies of colonial bureaucracy continue to shape political life after empire Tracing the colonial and racialized practices of population classification and restriction of mobility this book examines how mundane and routine bureaucratic practices shape political life in Israel Palestine India and Cyprus
