Flathead National Forest (N.F.), Meadow Smith Project ,2000      Heart of a Lion William Stolzenburg,2016-04-12 This is one stirring account of one stirring journey the trek of a fellow creature through a hostile man made world and through our imaginations Bill McKibben author of EAARTH MAKING A LIFE ON A TOUGH NEW PLANET Late one June night in 2011 a large animal collided with an SUV cruising down a Connecticut parkway The creature appeared as something out of New England s forgotten past Beside the road lay a 140 pound mountain lion Speculations ran wild the wildest of which figured him a ghostly survivor from a bygone century when lions last roamed the eastern United States But a more fantastic scenario of facts soon unfolded The lion was three years old with a DNA trail embarking from the Black Hills of South Dakota on a cross country odyssey eventually passing within thirty miles of New York City It was the farthest landbound trek ever recorded for a wild animal in America by a barely weaned teenager venturing solo through hostile terrain William Stolzenburg retraces his two year journey from his embattled birthplace in the Black Hills across the Great Plains and the Mississippi River through Midwest metropolises and remote northern forests to his tragic finale upon Connecticut s Gold Coast Along the way the lion traverses lands with people gunning for his kind as well as those championing his cause Heart of a Lion is a story of one heroic creature pitting instinct against towering odds coming home to a society deeply divided over his return It is a testament to the resilience of nature and a test of humanity s willingness to live again beside the ultimate symbol of wildness      **Border Wars** K.
