User friendly features include end of chapter discussion questions. New to This Edition: Incorporates the latest research and instructional practices. Roberts, 1998-02-15 Using quality children's literature that presents families positively and promotes appreciation of family diversity, this book offers you a unique way to help students understand the common complexities of today's families. Books are grouped into four major categories: diverse family groups, family heritage and tradition, relationships within families, and family conflicts. Within these areas, books are chosen for specific topics ranging from Death in the Family to Homelessness. For each title, there are questions for reflection and discussion and a target activity that reinforces the concepts presented in the book. Great Performances Larry Lewin, Betty Jean Shoemaker, 1998 This book presents an approach to developing performance assessments. It begins with four steps for Info In and moves to four Info Out modes through which students can make their content understanding explicit for evaluation purposes. The first chapter is an overview of performance assessment in the classroom. Chapter 2 discusses the Info In model and the key processes of reading, listening, manipulating, and viewing. Chapter 3 explores the first Info Out mode: visual representations. Chapters 4, 5, and 6 examine the three additional Info Out modes: writing, oral presentations, and large scale substantive projects and performances. The final chapter

summarizes strengths and weaknesses of classroom based performance assessments An appendix contains the Oregon Writing Scoring Guide for middle school Contains 64 figures and 23 references SLD **Middle School Journal** ,1997
