Ignatian Spirituality at Ecclesial Frontiers Fredrik Heiding S.J., 2012 The Spiritual Exercises of Ignatius of Loyola the founder of the Jesuit order presuppose Roman Catholicism but are today made by many who are not Catholics Moreover even Roman Catholics who make Ignatian Exercises often are not spontaneously inclined to obey Roman ecclesiastical authority Neither avoiding the ecclesial dimension nor an authoritarian follow the rules provides adequate orientation when working with issues at Church frontiers This ground breaking study in pastoral theology seeks to navigate a middle position by moving beyond the individualism and the a historical assumptions of the existing relevant literature The aim of this book is to take Ignatian studies forward by combining relational anthropology hermeneutics and a sacramental understanding of the Church and to apply this synthesis to the practice of Ignatian Exercises D Phil at the University of Oxford Lulu Publishing www.lulu.com **A Healing Walk with St. Ignatius** Lyn Holley Doucet, 2002 Ad Promo Plans National review campaign National advertising **The Ignatian Way** Charles J. Healey, 2009 Although many books have been written on Ignatian spirituality most focus on highly specific and scholarly details rendering them too academic and specialized for the average reader This book remedies this problem by compiling a more general guide to the basic aspects of Ignatian spirituality

Bertrand,Amanda Hontz Drury,Andrew Root,2019-01-01 Most students of practical theology recognize Richard R Osmer as the originator of the consensus model of practical theology one of the most accessible and widely used models of practical theological reflection in the world Yet Osmer s influence extends beyond practical theological method Over his long career his writing and teaching spanned Christian education youth ministry spirituality and evangelism as well giving each of these congregational practices new theological substance A pastor as well as a scholar at heart Osmer writes with the American congregation in mind insisting on making theology central to every Christian practice Consensus and Conflict traces Osmer s multi faceted intellectual career from his days as seminarian through his professoriate at Princeton Theological Seminary and his role in the founding of the International Academy of Practical Theology These themes unfold against the backdrop of ecclesial change that Osmer barely anticipated as a young pastor in New England and western North Carolina The contributors to this volume bear witness to Osmer s indebtedness to social sciences theologians like Moltmann and Barth his wide range of interests ranging from confirmation to redemptive agriculture to church planting and his deep hope that the theological disciplines will play a more vital role in practical theology s future Contributors Bo Karen Lee Richard R Osmer Shin Guen Jang Kyoo Min Lee Thomas Hastings Angela Reed Jessicah Duckworth Theresa Latini Nathan Stuckynathan Drew Dyson Gordon Mikosk Darrell Guder [An Open Place](#) Daniel Schrock,Marlene Kropf,2012-11-01 Written from an ecumenical standpoint as a practical aid for moving those experienced in individual spiritual direction toward group practices This book responds to the movement to expand spiritual direction beyond the classic on with one model Group spiritual direction has the potential to offer the rich experience of individual spiritual direction to a much wider audience yet very little has been written to provide guidance for starting such groups This book responds to that challenge It outlines ways that a diverse and ecumenical group of spiritual directors worked to initiate groups in multiple contexts It examines the many variables among directors directees even meeting spaces that affect and enliven this ministry And it summarizes pitfalls

Brenkert, 2023-07-27 This book shows how the pedagogical philosophy of the Society of Jesus the Jesuits founder Ignatius of Loyola can be used and applied in public school settings in the USA and around the world without dismantling the separation of church and state Ignatian Pedagogy should be considered a historical precursor to modern practical and pedagogical theories such as culturally relevant pedagogy and equity frameworks in education with Jesuit foundational texts such as the Ratio Studiorum including material about working within and valuing the context of the culture surrounding schools emphasizing student voice and empowering the student as a co teacher Based on new research carried out in New York City Department of Education NYC DOE schools the author argues for universal character formation programs based on already existing and highly effective programs at Jesuit sponsored schools The research shows that universal character formation programs are highly effective in developing students flourishing strengthening their relationships with themselves and others and enabling critical reflective thought Based on the theory of Ignatius of Loyola and the work of thinkers including Paulo Freire Mahatma Gandhi Elisabeth Johnson and Martin Luther King Brenkert presents a theological philosophical framework for creating a beloved community free from oppression poverty and hate
