Theology of the New Testament Udo Schnelle, 2009-11 For a few decades jet packs seemed to be everywhere on Gilligan's Island Lost in Space Thunderball and even the opening ceremony of the 1984 Olympics Inventors promised we'd all be flying with them now enabling us to zoom around effortlessly in the sky and getting us to work without traffic jams and trains What happened to the jet pack In *The Great American Jet Pack* Steve Lehto gives us the definitive history of this and related devices explaining how the technology arose how it works and why we don't have them in our garages today These individual lift devices as they were blandly labeled by the government men who financed much of their development answered man's desire to simply step outside and take flight No runways no wings no pilot's license were required Soaring through the air with the wind in your face and landing anywhere there was room to stand could this be done Yes it could be and it was But the jet pack was perhaps the most overpromised technology of all time From the rocket belt to the jet belt to the flying platform and all the way to Yves Rossy's 21st century free flights using a jet powered wing this book profiles the inventors and pilots the hucksters and cheats the businessmen and soldiers who were involved with these machines And it finally tells a great American story of a technology whose promise may one day yet come to

readings Bishop Richard Sklba's *Fire Starters Igniting the Holy in the Weekday Homily* has served as a practical resource for preparing engaging weekday homilies for Ordinary Time. After much anticipation, Bishop Sklba and coauthor Fr Joseph Juknialis now offer *Easter Fire*, a welcome companion to support anyone called to preach at Easter weekday Masses. *Easter Fire* provides the biblical citations and summary phrases for the reading and the gospel plus the refrain from the psalm each day. After each citation, the authors offer a series of meaningful insights based on Scripture scholarship, their own prayerful reflection on the texts, and years of preaching and pastoral experience. These brief bullet point entries provide nuggets of knowledge and inspiration that will stimulate personal prayer and spark homily possibilities for the preacher every day. *Easter Fire* will ignite sparks that can be enflamed by God's Spirit to not only enrich the spiritual journey but to add light and warmth for the preparation of weekday homilies during the Easter season.

T&T Clark Handbook of Christology Darren Sumner, Chris Tilling, 2025-06-26. This comprehensive work collects more than 30 essays from leading biblical scholars and systematic theologians to explore the person and work of Jesus Christ in a generously interdisciplinary manner. From research foundations and method to the doctrine of the incarnation, from the Trinity to the resurrection and from Christ's temptations to his high priestly prayer, these essays seek to engage constructively with Scripture, the history of Christian teaching, and modern proposals and debates. Together, this international group of scholars engages such topics as Christ's preexistence, his constitution as the God-human, his temptations, and the hypostatic union; the prayer of John 17; the struggle in Gethsemane; kenosis; the two states and threefold office of Christ; Christology, impassibility, and the cross; resurrection and the diversity of the New Testament witnesses to him. This is an indispensable volume for the study of Jesus Christ in the subject's biblical, historical, and doctrinal contours.
