approaches the strategies of authorial survival from a perspective that is theoretically and historically eclectic It is therefore informed by works that belong to different eras and that are not separated by time alone They are brought together by the theme of sempiternity The challenging task of dealing with such a theme is made even more arduous by the nature of the play itself Hamlet denies its readers the satisfaction they crave In this play Keats negative capability is a luxury that no one can afford be they critics or characters In Hamlet the answer is always with the author who comes in questionable shapes assuring everyone that he has more to tell His authority does not hinder the endless proliferation of meaning however but rather guarantees it The Collected Works of William Hazlitt William Hazlitt,1902 A Brief Introduction to Criminal Justice Kenneth J.
