Handbook Ancient Religion Handbooks Classics:

The Oxford Handbook of Ancient Greek Religion Esther Eidinow, Julia Kindt, 2015-10-01 This handbook offers both students and teachers of ancient Greek religion a comprehensive overview of the current state of scholarship in the subject from the Archaic to the Hellenistic periods. It not only presents key information but also explores the ways in which such information is gathered and the different approaches that have shaped the area. In doing so, the volume provides a crucial research and orientation tool for students of the ancient world and also makes a vital contribution to the key debates surrounding the conceptualization of ancient Greek religion. The handbook's initial chapters lay out the key dimensions of ancient Greek religion: approaches to evidence and the representations of myths. The following chapters discuss the continuities and differences between religious practices in different cultures, including Egypt, the Near East, the Black Sea and Bactria, and India. The range of contributions emphasizes the diversity of relationships between mortals and the supernatural in all their manifestations across between and beyond ancient Greek cultures and draws attention to religious activities as dynamic, highlighting how they changed over time, place and context.

Manual of Classical Literature
Johann Joachim Eschenburg, 1850 **The Classical World**, 1910 **The Classical Weekly**, 1924 **de Romanis Book 1 (2nd edition)** Katharine Radice, Sonya Kirk, Angela Cheetham, George Lord, 2025-03-20 Now endorsed by OCR and Eduqas, this popular Latin course for students aged 11-16 is breathing new life into Latin teaching and learning. *de Romanis* is a vibrant and accessible introduction to both the Latin language and the cultural world of the Romans. Throughout the course, students gradually build their proficiency in Latin while exploring cultural topics through background notes, primary sources and engaging stories. This new edition of Book 1 has been revised throughout based on teacher feedback. Chapter introductions and core language sections are more accessible; you will find new boxes to offer opportunities for quick practice and enhance literacy through derivation skills. New primary sources expand your experience of the material world; revised stories support understanding of the darker side of Roman history. What makes *de Romanis* so special? Language learning is split between Core and Additional to ensure effective differentiation and flexible timetabling. Fun and varied exercises include word identification, word manipulation and source analysis to encourage wider discussion. Two-way translation exercises, derivation tasks and grammar explanations develop key literacy skills, promoting the understanding of English as well as Latin. Vocabulary is consistently consolidated and the clear and systematic explanations of grammar encourage steady progress to GCSE and beyond. Early introduction of Latin stories rather than isolated sentences builds student confidence from the start. The course is supported by over 300 additional online resources to support your teaching. In Book 1, students meet the gods and heroes of the Roman world introduced through stories from the very beginning so that they can immediately read passages of Latin. From myths about the gods to stories about religious customs and festivals, this is the perfect way to learn about the religious framework of Roman daily life. The final chapter on prophecy includes stories of

historical figures such as Caesar interpreting messages from the gods prepares for the transition in Book 2 to the world of Roman men and women A Companion Website is available at <https://bloomsbury.pub.de/romanis> **Manual of Classical Literature. From the German, with Additions by N. W. Fiske. Third Edition** Johann Joachim ESCHENBURG,1844

Religion in the Art of Archaic and Classical Greece Tyler Jo Smith,2021-06-18 An examination of the combined subjects of ancient Greek art and religion dealing with festivals performance rites of passage and the archaeology of death to name a few examples to explore the visual material and textual dimensions of ancient Greek religion **Classical Weekly** ,1924 **Greek and Roman Military Manuals** James T. Chlup,Conor Whately,2020-09-07 This volume explores the

enigmatic primary source known as the ancient military manual In particular the volume explores the extent to which these diverse texts constitute a genre sometimes unsatisfactorily classified as technical literature and the degree to which they reflect the practice of warfare With contributions from a diverse group of scholars the chapters examine military manuals from early Archaic Greece to the Byzantine period covering a wide range of topics including readership siege warfare mercenaries defeat textual history and religion Coverage includes most of the major contemporary siege manual writers including Xenophon Frontinus Vegetius and Maurice Close examination of these texts serves to reveals the complex ways in which ancient Greeks Romans and Byzantines sought to understand better and impose order upon the seemingly irrational phenomenon known as war Providing insight into the multifaceted collection of texts that constituted military manuals this volume is a key resource for students and scholars of warfare and military literature in the classical and Byzantine periods

The Classical Origins of Modern Homophobia Robert H. Allen,2014-12-09 From government to literature to architecture few fields in western culture are untouched by the influence of Ancient Greece and Rome Even mores that may seem exclusively modern often have roots in the classical past This book takes an in depth look at the ancient roots of homophobia including its Pythagorean origins and its eventual spread throughout the Roman Empire and consequently the rest of the world Originally male homosexuality occupied something of an honorable position in ancient Greece By the end of the Roman period several centuries later this attitude had changed so radically that to be found guilty of homosexual actions was punishable by death This work investigates how such a shift occurred and traces the various cultural forces that brought about almost universal homophobia throughout western societies Beginning with the earliest documented instance of homophobia in the teachings of Pythagoras who was surrounded by mystery even in ancient times the author examines its proliferation through various disciplines citing sources from political history anthropology religion and psychology as well as the analysis of ancient texts Through extensive historical research he follows the concept from Greece to Macedonia and finally to Rome examining relevant religious attitudes including those of Christianity and Judaism Finally he discusses the ways in which homophobia was solidified in the legal legacy of the Roman Empire An extensive bibliography provides additional resources regarding classical influence on modern culture *Handbook for Classical Research* David

Schaps,2010-09-13 The Handbook for Classical Research offers guidance to students needing to learn more about the different fields and subfields of classical research and its methods and resources *The Classical Review* ,1911 This companion to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year **Dogs in Athenian Sculpture and Vase Painting of the Archaic and Classical Periods** Katia Margariti,2025-05-15 This book analyses the iconography of dogs in Athenian art highlighting their roles as companions hunters pets and status symbols It explores their presence in various aspects of ancient Greek life their association with gods and heroes and their depiction in funerary reliefs reflecting the deep human canine bond **A Dictionary of Non-Classical Mythology** Marian Edwardes,1952 *Proceedings of the Classical Association* Classical Association (Great Britain),1923 Rules and list of members included in each volumes *List of Books Recommended for a High School Classical Library, by a Committee of the Michigan Schoolmasters' Club* Michigan schoolmasters' club,1897 Catalogue of Books Concerning the Greek and Latin Classics in the Central Public Libraries, Newcastle-upon-Tyne Newcastle upon Tyne (England). Public libraries,Basil Anderton,1912 **A Reference Guide for English Studies** Michael J. Marcuse,1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal List of Books for School Libraries of the State of Oregon ,1907 List of Books for School Libraries of the State of Oregon ...
