ITIL® Intermediate Release, Control and Validation Courseware Pelle Rastock, 2017-03-24

ITIL Intermediate Release Control and Validation 4 days

The four courses in Service Capability are aimed at students who need deep knowledge of the processes and the roles of ITIL Service Lifecycle covered in the course but the primary focus is on processes, functions, roles and activities of its application and use by lifecycle. The courses within the Service Capability are role-based modules, each with a separate certification. Each course includes a grouping of processes and roles within ITIL, intended to give participants a specific knowledge of the practice and application related to the daily work. You will learn. You get a deeper understanding of the part of the ITIL framework which deals with testing, validation and deployment of services. The course is aimed primarily at people working actively to plan and execute changes in IT services. You get a deeper understanding of the interaction between the requirements definition, testing and deployment as well as the importance of having a well-functioning configuration management.

Target group The target group of the ITIL Expert Qualification Release Control and Validation is individuals who have attained the ITIL Foundation certificate in Service Management and who wish to advance to higher level ITIL certifications. Individuals who require a deep understanding of ITIL Certificate in Release Control and Validation processes and how it may be used to enhance the quality of IT service support within an organization. IT professionals that are working within an organization that has adopted and adapted ITIL who need to be informed about and thereafter contribute to an ongoing service improvement programme. Operational staff involved in Change Management, Release and Deployment Management, Service Validation and Testing, Service Asset and Configuration Management, Request Fulfilment, Service Evaluation and Knowledge Management who wish to enhance their role-based capabilities. This may include but is not limited to IT professionals, business managers and business process owners.

Exam The examination is closed book and made up of multiple choice questions based on a scenario. Students will be allowed 120 minutes to answer the questions. You need at least 70% (28/40 points) to pass.

Prerequisites Candidates wishing to pass the exam for this qualification must already hold the ITIL Foundation Certificate.
