Writing Children's Books For Dummies Lisa Rojany, Peter Economy, 2012-11-30 Everything aspiring authors need to write publish and sell a children's book Everyone loves a children's book and many dream about writing one But is it actually possible for an unpublished writer armed with a good story idea and a love of kids to write sell publish and promote a book Yes it is Clearly and concisely written with straightforward advice and a plethora of specific up to date recommendations Writing Children's Books For Dummies provides step by step information on everything aspiring children's book authors need to know from researching the current marketplace to developing story ideas strengthening writing skills dealing with editors and submitting proposals and manuscripts to agents and publishers Updated and improved writing exercises All new content on social media and establishing an online presence as an author Fresh updated content on publishing via hard copy and all the e platforms From setting down that first word on paper to doing a successful publicity tour Writing Children's Books For Dummies gives you the confidence and the insiders know how to write and sell the story you've always wanted to write

The Early Reader in Children's Literature and Culture Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche

market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe *Beyond Leveled Books* Karen Szymusiak, Franki Sibberson, Lisa Koch, 2008 In the first edition of *Beyond Leveled Books* Franki Sibberson and Karen Szymusiak offered a much needed perspective on moving transitional readers from the basic supports of leveling to independent book selection Seven years later drawing on their continued research and expanding roles as authors and literacy consultants Franki and Karen along with colleague Lisa Koch present a new updated and expanded edition of this useful and eye opening book Education Reviews 2001 In *Beyond Leveled Books Second Edition* the authors provide even more resources to help teachers understand and meet the needs of transitional readers The key topic of series books has been revised and enlarged with charts outlining new series with the challenges they pose and supports readers need New lessons have been added and most chapters now include a related article from a literacy expert Some of the contributors include Kathy Collins Larry Swartz and Mary Lee Hahn The book also features an entirely new section covering grades K 1 that explores the uses and limitations of leveled texts in primary reading instruction Among the highlights of this new section are ideas for how to organize your classroom library and a list of great books to use alongside leveled text in supporting new readers Packed with examples of classroom instruction sample mini lessons strategies for small group instruction assessment techniques and student work this new edition expands what was once a great little book that filled a gap for teachers in intermediate grades into an essential resource for independent reading instruction from grades K 5 [The United States Catalog](#) Mary Burnham, Carol Hurd, 1928 **Canadiana**, 1990 [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1968 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June
