New categories for the service area have been created.

3.1.2 Warranties

Use

You enter the reference object for the product or service, for which a complaint is created, at header or item level. The system then performs an automatic warranty check. To perform this process, a product of type 'warranty' has to be created and maintained before.

3.1.2.1 Creating Warranty

Use

The purpose of this activity is to create a new warranty, which can be linked to an installed base component in order to be taken into account within the service processing scenario.

Prerequisites

You are logged on to the CRM WebClient UI as user **power_user** (with password **welcome**). Choose the business role **YBP_POWER_USER** from the list of business roles.

Procedure

- To carry out the activity, choose the following navigation option:

SAP CRM WebClient menu	Master Data → Create: Warranty
-------------------------------	--------------------------------

- In order to create an example of a warranty you can work with in your scenario, enter the following data in assignment block *Warranty Details*:

Field Name	Value
