preaching yet it has not been studied in detail This volume thus constitutes an important addition to the flourishing field of late medieval crusade historiography The core of the book deals with two interlocking themes the liturgy for the Holy Land and the popular response to crusade preaching between the papacies of Clement V and Clement VI The book analyses the evolving use of the liturgy for the crusade in combination with preaching and it illustrates the catalytic role of these measures in driving popular pro crusade sentiments A key theme in the account is the analysis of the surviving crusade sermons of the Parisian theologians from the era Critical editions of these previously neglected propagandistic texts are a valuable addition to our corpus of papal correspondence relating to the crusades in the later Middle Ages This book will be of interest both to specialized historians and to students of late medieval crusading

Marie of France Theodore Evergates,2019-01-04 Countess Marie of Champagne is primarily known today as the daughter of Louis VII of France and Eleanor of Aquitaine and as a literary patron of Chr tien de Troyes In this engaging biography Theodore Evergates offers a more rounded view of Marie as a successful ruler of one of the wealthiest and most vibrant principalities in medieval France From the age of thirty four until her death Marie ruled almost continuously initially for her husband Henry the Liberal during his journey to Jerusalem then for her underage son Henry II and after his majority during his absence on the Third Crusade

and extended residence in the Levant Presiding at the High Court of Champagne and attending to the many practical duties of governance Marie acted with the advice of her court officers but without limitation by either the king or a regency council If Henry the Liberal created the county of Champagne as a dynamic and prosperous state it was Marie who expertly preserved and sustained it Evergates mines Marie s letters patent and the literary and religious texts associated with her to glean a fuller picture of her life and work He situates Marie within the regional institutions and external events that influenced her life as well as within her extended families of royal half siblings including King Philip II of France and her Plantagenet brothers and her many in laws including the queen mother Adele and Archbishop William of Reims Those who knew Marie best describe her as determined gracious and pious as well as an effective ruler in the face of several external threats *Industrial Directory of the Commonwealth of Pennsylvania* ,1922 **Giotto and His Publics** Julian
