Sourcebook of Family Theories and Methods Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne

K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i.e. sources from which these orientations and strategies flow. Thus an appropriate way to preface this book is to talk first of its roots its beginnings. In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself. A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future. There were precedents for such a project. The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F. Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production. The English Catalogue of Books ... Sampson Low, 1873 Subject Guide to Books in Print, 1983 The Bookseller, 1883 Official organ of the book trade of the United Kingdom *Project-Based Second and Foreign Language Education* Gulbahar H. Beckett, Paul Chamness Iida, 2006-09-01 Dewey's idea of Project based Learning PBL was introduced into the field of second language education nearly two decades ago as a way to reflect the principles of student centered teaching Hedge 1993. Since then PBL has also become a popular language and literacy activity at various levels and in various contexts see Beckett 1999 Fried Booth 2002 Levis Kobayashi 2003 Luongo Orlando 2001 Mohan Weinstein 2004. For example it has been applied to teach various ESL and EFL skills around the world e.g. Fried Booth 2002. More recently PBL has been heralded as the most appropriate approach to teaching content based second language education Bunch et al 2001 Stoller 1997 English for specific purposes Fried Booth 2002 community based language socialization Weinstien 2004 and critical and higher order thinking as well as problem solving skills urged by the National Research Council 1999. Despite this emphasis there is a severe shortage of empirical research on PBL and research based frameworks and models based on sound theoretical guidance in general and second and foreign language education in particular Thomas 2000. Also missing from the second and foreign language education literature is systematic discussion of PBL work that brings together representative work identifying obvious gaps and guiding the field toward future directions. This first of its kind volume bridges these obvious gaps through the original work of international scholars from Canada Israel Japan Singapore and the US.
