consideration of the usefulness of the concept of fidelity put forward by the philosopher Alain Badiou in the discussion of film adaptation Fidelity or faithfulness is primarily a consideration that emerges in relation to so called canonical texts in adaptation Fitzgerald's *The Great Gatsby* occupies a position of global recognisability and within the United States cultural mythology that has triggered strong reactions to the four Hollywood adaptations The various adaptations allow for the differing approaches to the adaptation of this novel to be meaningfully explored The film adaptations paratextual elements will be discussed in order to show how these acted as limiting lenses The strategies of the films for handling elements of Fitzgerald's prose and themes will be compared across the adaptations This will culminate in an assertion of the worth of a larger application of a Badiouian fidelity within the field *Inside The Great Gatsby* A.E. Elmore, 2025-02-15 Inside The Great Gatsby The Hidden Subtext is a revolutionary analysis of the famed novel that reveals its important previously unknown literary foundations drawn from classical and modern literature including the works of Dante Milton Conrad Spengler Frazer Weston Joyce Eliot and the King James Bible Other studies of the novel have focused primarily on its biographical cultural or social issues but none prior to Elmore's have systematically examined the unrecognized debts Gatsby owes to previous literary works The ultimate irony is that Gatsby lauded as one of the greatest novels in the English language earned its stature based solely on recognition of only a part of its whole the literal narrative or surface story without realization or acknowledgment of its foundational subtext the hidden layer that links it to the universal library of human experience most of which remained undetected until the centennial year of the novel's original publication **The Billboard**, 1926 [Understanding Gish Jen](#) Jennifer Ann Ho, 2015-11-30 Jennifer Ann Ho introduces readers to a typical American writer Gish Jen the author of four novels Typical American Mona in the Promised Land The Love Wife and World and Town a collection of short stories Who's Irish and a collection of lectures Tiger Writing Art Culture and the Interdependent Self Jen writes with an engaging sardonic and imaginative voice illuminating themes common to the American experience immigration assimilation individualism the freedom to choose one's path in life and the complicated relationships that we have with our families and our communities A second generation Chinese American Jen is widely recognized as an important American literary voice at once accessible philosophical and thought provoking In addition to her novels she has published widely in periodicals such as the New Yorker Atlantic Monthly and Yale Review Ho traces the evolution of Jen's career her themes and the development of her narrative voice In the process she shows why Jen's observations about life in the United States though revealed through the perspectives of her Asian American and Asian immigrant characters resonate with a variety of audiences who find themselves reflected in Jen's accounts of love grief desire disappointment and the general domestic experiences that shape all our lives Following a brief biographical sketch Ho examines each of Jen's major works showing how she traces the transformation of immigrant dreams into mundane life explores the limits of self identification and characterizes problems of cross national communication alongside the universal
