Reception Theory and Biblical Hermeneutics David Paul Parris,2009-01-01 Traditional methods employed in biblical interpretation involve a two way dialogue between the text and the reader Reception theory expands this into a three way dialogue with the third partner being the history of the text s interpretation and application Most contemporary biblical interpreters have ignored this third partner although recently the need to include the history of interpretation has gained

some attention This book explores the hermeneutical resources that reception theory provides for engaging the history of biblical interpretation as a third dialogue partner in biblical hermeneutics The first third of this work explores the philosophical background and hermeneutical framework that Hans Georg Gadamer provides for reception theory The center of this study examines how this hermeneutical approach is fleshed out by Hans Robert Jauss Jauss not only builds upon Gadamer s work but his literary hermeneutic provides a model applicable to the biblical text and its tradition of interpretation The focus for the final third of the book shifts toward three studies that seek to demonstrate the applicability of various aspects of reception theory to biblical interpretation **Omnibus II** Douglas Wilson,G. Bucer, Ephesians and Biblical Humanism N. Scott Amos,2014-10-27 This book describes Martin Bucer 1491 1551 as a teacher of theology focusing on his time as Regius Professor of Divinity at the University of Cambridge between 1549 and 1551 The book is centered on his 1550 Cambridge lectures on Ephesians and investigates them in their historical context exploring what sort of a theologian Bucer was The lectures are examined to find out how they represent Bucer s method of teaching and doing theology and shed light on the relationship between biblical exegesis and theological formulation as he understood it Divided into two interconnected parts the book first sets the historical context for the lectures including a broad sketch of scholastic method in theology and the biblical humanist critique of that method It then closely examines Bucer s practice in the Cambridge lectures to show the extent to which he was a theologian of the biblical humanist school influenced by the method Erasmus set forth in the *Ratio Verae Theologiae* in which true theology begins ends and is best done as an exercise in the exegesis of the Word of God Because I Think, I Believe Donald R. Developing a New Christology for a Postmodern Culture Donald D. Phillips,2024-11-05 In an increasingly secular contemporary postmodern culture many people have no understanding of Christianity or the importance and relevance of Jesus Christ As a result the Church s traditional liturgical texts as well as the church oriented language often used by Christians to explain the Gospel are not helpful or accessible to those outside the Church To respond to this challenge the author uses a semiotic method based on the work of Robert Schreier to engage and describe the nature of contemporary postmodern culture Using a narrative approach to the Gospels based on the work of the 20th century historical theologian Hans Frei the author derives a more modest open ended Christology which will converse with its cultural context and continue to be interpreted within contemporary Christian communities Using social values analysis from a particular contemporary culture the author then forms biblical statements about the person of Jesus Christ that are congruent with those values and uses them to construct a new Eucharistic Prayer The result is a liturgical prayer that is accessible and enables members of that local culture to be embraced by and to embrace the identity of Jesus Christ

The Messiah, His Brothers, and the Nations Jason B. Hood,2011-05-26 Why does Matthew append and his brothers to Judah and Jechoniah 1 2 11 Secondly why does Matthew include the following four annotations and Zerah by Tamar by Rahab by Ruth and by the wife of Uriah 1 3 6 Jason B Hood uses a composition critical approach in which he examines biblical genealogies and summaries of Israel s story in order to shed light on these features of Matthew s gospel Hood asserts that he addition of and his brothers recalls Jesus royal role Judah and Jechoniah in Second Temple literature are both understood to have reversed their wickedness and earned royal status by self sacrifice perhaps pointing to the self sacrifice of Jesus for his brothers before his full enthronement A review of scholarly explanations of the significance of the four five women in the genealogy unearths an overlooked interpretation

Matthew does not name four women in 1 3 6 but four Gentiles Tamar Rahab Ruth and Uriah traditionally celebrated as righteous
