

STARTING THE ENGINE

While Carrying the Advanced Key...

- Start the engine by pushing the START/STOP button, while pushing the clutch pedal (manual transmission) or the brake pedal (automatic transmission).
- Shut the engine OFF by pushing the START/STOP button again.
- Activate Accessories (ACC) by pushing the START/STOP button once without pushing the clutch or brake pedal.
- The key indicator light  will flash **GREEN** (approximately 1 second) when the advanced key is detected and the clutch pedal (M/T) or the brake pedal (A/T) is pushed. The indicator blinks **RED** (1 sec) with the ignition ON and the key is not detected or the advanced keyless transmission battery is dead. If illuminated **RED**, the START/STOP button may not start the engine unless the backup key is used (see "Starting the Engine with the Auxiliary Key").

NOTE:

- **Emergency Engine Stop:** Continuously pushing the START/STOP button while the engine is running will turn the engine OFF. Use caution when an advanced key is used.
