State's announcement on the future of the Sustainable Development Commission Great Britain: Parliament: House of Commons: Environmental Audit Committee, 2011-01-10 Funding of the Sustainable Development Commission SDC will cease at the end of March 2011 and Defra's capability and presence to improve the sustainability of Government will be increased Whilst regretting the Government's decision to stop funding the SDC the Committee sees an opportunity to reassess and revitalise the architecture for delivering sustainable development The experience of SDC's work within Government departments to improve their sustainability skills and performance is at risk of being lost so the Government must ensure that this knowledge and expertise is absorbed by departments Sustainable development needs to be driven from the centre of Government by a Minister and department with Whitehall wide influence They must be capable of holding all departments to account for their sustainable development performance The Committee does not think Defra is best placed to lead this drive and recommends that the Cabinet Office assume this role And the Treasury could use its position to continue to develop sustainability reporting by departments strengthen the system of impact assessments and the Green Book investment appraisal methodology for policy making and embed the results of the Government Economic Service review of the economics of sustainability and environmental valuation into those impact assessments and appraisals Greater political leadership from the top should be brought to bear The Government must introduce a full set of indicators to measure sustainable development that can be used to develop policy and must provide a new strategic underpinning for its commitment to sustainable development as an overarching goal of Government policy making **OECD Multi-level**

The Role and Future of the Commonwealth Great Britain: Parliament: House of Commons: Foreign Affairs Committee,2012-11-15 The Commonwealth is working for the UK however if the organisation is to reach its potential and influence events the Commonwealth Secretariat needs to sharpen strengthen and promote its diplomatic performance Recently the Commonwealth has appeared less active and less publicly visible The Government does not appear to have a clear and co ordinated strategy for its relations with the Commonwealth The moral authority of the Commonwealth has too often been undermined by the repressive actions of member governments The Committee is disturbed to note the ineffectiveness of the mechanisms for upholding the Commonwealth s values and expresses support for the Eminent Persons

Group's proposal for a Commonwealth Charter The Committee also says that it is not convinced that member states are making the most of the economic and trading opportunities offered by the Commonwealth The report welcomes the fact that the Commonwealth continues to attract interest from potential new members and the report says that there are advantages in greater diversity and an extended global reach for the Commonwealth however the application process should be rigorous There is also concern at the continuing evidence of serious human rights abuses in Sri Lanka and the Committee urges the Prime Minister to state publicly his unwillingness to attend the Commonwealth Heads of Government Meeting in Colombo meeting unless he receives convincing and independently verified evidence of substantial and sustainable improvements in human and political rights in Sri Lanka
