positive than the highly critical assessment of Italian postmodernism that has characterized some sectors of current Italian literary criticism. It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s. In its conclusions, the book suggests that to meet the challenge of representation posed by terrorism, fiction rather than fact is the writer's best friend and most effective tool.

Delve into the emotional tapestry woven by Emotional Journey with in **History Alive Answers** .
