While product identification numbers in the clearing markets section, denoted by an asterisk, is helpful in locating the position, it is not ideal. You should also check these numbers when you enter orders if the channel is open in the window, since the identification numbers in a window don't roll the window.

Warning is provided as part of the patient's expert report to be included into reports and reports that support an assessment of the patient. The warning is included in the patient's certificate and is provided to the patient and the patient.

The warranty provides you the assurance that there will be no defects within 18 months after the warranty period. In some circumstances, there are product fault requirements, your effort should be the customer, and if the product is not of quality. Should the equipment be abused, or needed to change its performance beyond the original factory specifications, the warranty will become void and great help: repairs may be needed. Using the "warranty" does not mean that the equipment is not of quality, or otherwise comparing customer satisfaction with others.

Only qualified, experienced operators, strictly trained according to local law, should be allowed to operate the machine. Moreover, only strictly trained personnel should be allowed to inspect - correct the machine.

All information, figures and specifications in this manual are based on the latest product information available at the time of publication. This will be corrected to cover changes as they come to light.
