The Core Leigh A. Bortins, 2025-10-16 In the past correct spelling the multiplication tables the names of the state capitals and the American presidents were basics that all children were taught in school Today many children graduate without this essential knowledge Most curricula today follow a haphazard sampling of topics with a focus on political correctness instead of teaching students how to study Leigh Bortins a leading figure in the homeschooling community is having none of it She believes that there are core areas of knowledge that are essential to master Without knowing the multiplication tables children can't advance to algebra Without mastery of grammar students will have difficulty expressing themselves Without these essential building blocks of knowledge students may remember information but they will never possess a broad and deep understanding of how the world works In *The Core* Bortins gives parents the tools and methodology to implement a rigorous thorough and broad curriculum based on the classical model including Rote memorization to cement knowledge Systematic learning of geography historical facts and timelines Reading the great books and seminal historical documents instead of adaptations and abridged editions Rigorous training in math and the natural sciences [Generations Together a Job-Training Curriculum for Older Workers in Child Care](#), 1993 [This Child of Faith](#) Sophronia Scott, Tain Gregory, 2017-12-14 Tain Gregory was present in his third grade classroom on the morning of December 14 2012 the date of the Sandy Hook shootings As part of the healing process for the community after the tragedy Tain was asked What's the most important thing in the world to you His mother expected an answer about a video game or Pokemon trading card Tain thought for a moment then answered with one word God Until that moment Tain's mother had no idea how close to the surface Tain's faith existed for him This is a fascinating look at the journey of two souls both Tain's and his mother's that began with Tain enrolling in Sunday School and led to a strong life of faith for both of them In *This Child of Faith* Sophronia and Tain share stories experience and ideas to help parents get to the heart of a question that becomes more perturbing as our world grows ever more complicated How do you help a child have faith real faith something he or she owns and not a regurgitation of something they've heard How do you create a life space where they can learn to understand what they believe Tain's stories include early encounters with death and of course the shootings at Sandy Hook where he was present in his third grade classroom on the morning of December 14 2012 Tain is now entering an age where his peers are questioning everything and saying everything just goes black when you die but because of his faith Tain knows differently In this beautiful and timely memoir mother and son share insights from a family's spiritual awakening a journey that led to a deep experience of God and a new way of life in the world Not only do they offer practical advice on faith formation but they tackle a difficult question How does faith prepare us not only life's joys but for its most shocking tragedies The answer is

deceptively simple by paying attention to the Spirit and trusting one another Read this one and weep And discover the hope of a child Diana Butler Bass Author Grounded Finding God in the World A Spiritual Revolution When children begin to ask the big questions in life many parents feel unprepared What's more their own yearning to find meaning hope and a deeper faith may be ignited In this unblinkingly honest and tender work Sophronia Scott and her son Tain share their journey of faith From her roots growing up in a large Baptist family in Ohio to her spiritual curiosity as a Harvard undergrad to her commitment to honor her young son's request to attend Sunday School Sophronia gently models how to nurture the innate spirituality and faith of a child In doing so her own faith grows and deepens as well And when the trials come such as the deaths of several people close to her and her family she is more prepared to help Tain understand and accept these losses This Child of Faith doesn't claim to know all the answers but it serves as a moving testimony to the power of faith when a family embarks upon the journey together Rev Andrea Raynor author of Incognito Lost and Found at Harvard Divinity School
