Avengers Infinity Saga and Philosophy Robert Arp, Heather L. Rivera, 2020-06-09 In Avengers Infinity Saga and Philosophy philosophers explore the momentous issues and the fascinating puzzles raised by Marvel's compelling series of movies Is the Thanos snap truly an answer to overpopulation and famine or is it simply indefensible mass murder on a cosmic scale Are the Avengers who try to stop Thanos dishing out justice or merely fighting a man who is himself just Captain America or Tony Stark which leader holds the key to a civilized society Dr Strange claims to see 14 000 605 possible futures in one of which Thanos is defeated What does this tell us about the true nature of reality Sometimes your best just isn't enough How can we cope with inevitability How can the Soul Stone and the Binding of Isaac by Abraham help us understand the Infinity War saga Is Thanos a utilitarian And if so is his utilitarian calculus logically sound Would it be possible for a group like the Avengers to amass enormous power to fight for humankind without themselves becoming a corrupt ruling class Can the past Nebula shooting the future Nebula cause her to cease to exist Can you change the future by communicating with yourself or your family in the past Can Thanos be seen as the epitome of non self serving behavior or is Thanos masking his own egoism with the lie that his altruistic mission is to bring the universe into balance Does Thanos show us the danger of living by an absolute moral compass which allows us to see only what we believe to be the right with no variations or nuances
