

Le gothique méridional

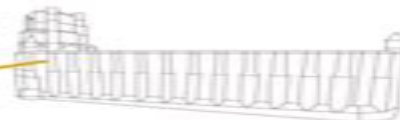

Le gothique méridional est un étonnant mélange de roman et de gothique, typique du Midi de la France. La structure romane méridionale est conservée, alors que l'ornementation et l'arc brisé gothiques sont adoptés. Il faut se remettre dans le contexte mouvementé du XIII^e siècle : du point de vue religieux, l'église catholique a violemment combattu l'hérésie cathare ; du côté politique, la royauté française est en pleine reconquête des comtés méridionaux et les ambitions de la bourgeoisie albigeoise ne sont pas éteintes. L'église veut réaffirmer sa puissance et sa combativité face au pouvoir civil et à ceux qui seraient tentés par l'hétérodoxie.

Étude de cette architecture unique avec la grandiose cathédrale d'Albi.

TOUR OCTOGONALE

Appelée aussi le « clocher toulousain », elle est typique des églises romanes du Midi. Le gothique méridional la conserve.

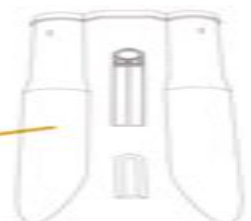

ASPECT EXTÉRIEUR AUSTÈRE ET MILITAIRE

La cathédrale ressemble à une forteresse, très peu décorée. Cette austérité répond notamment aux Cathares qui critiquaient l'opulence de l'église catholique. La tour principale ressemble à un donjon. Parfois des décorations militaires sont utilisées : machicoulis, créneaux, etc. C'est la cathédrale d'une religion en combat.

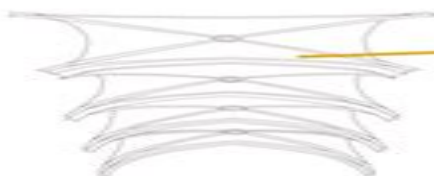

OUVERTURES EN ARC BRISÉ

Les ouvertures sont en arc brisé mais pour autant, le gothique méridional ne cherche pas l'ouverture à la lumière à outrance. Les fenêtres sont petites.

CONTREFORTS

Les contreforts romans assurent la solidité du monument. Ils sont incorporés dans le monument de façon esthétique.

VOÛTE EN CROISÉE D'OGIVES

La voûte en croisée d'ogives et la décoration gothique sont utilisées à l'intérieur de la cathédrale. Le gothique n'est ici plus qu'une ornementation.

NEF UNIQUE

La cathédrale est à nef unique, c'est-à-dire qu'elle n'a pas la forme de croix apportée par le transept : c'est une salle immense. La nef unique est une spécificité du Midi de la France dès les premières églises romanes.

tendit rapidement la France entière puis toute l'Europe tout en passant du domaine purement sacr au monde profane et même privé. Le gothique est la première époque de l'histoire de l'art pour laquelle nous pouvons dès lors commencer par les nombreuses cathédrales abbatiales et églises toutes très différentes avec leurs vitraux de couleur leurs peintures murales leurs piéces d'orfèvrerie et leurs manuscrits enluminés. À côté de ces édifices sacrés se dressent les bâtiments publics les châteaux forts et les palais non moins variés qui eux aussi témoignent des grandes réalisations artistiques. Ce livre se propose de retracer l'évolution de l'art gothique dans toute sa diversité. Après une étude des débuts puis de l'apogée de cet art en France est examiné l'accueil qui lui fut réservé dans les différents pays voisins. Des chapitres traitent ainsi des prémices de l'architecture gothique en Angleterre dans les pays de langue allemande en Italie en Espagne au Portugal en Europe du Nord et de l'Est mais aussi de l'architecture du gothique tardif en France et aux Pays Bas. L'histoire de la sculpture et de la peinture gothiques avec l'évolution technique et formelle qui les caractérise est aussi exposée par pays. Un chapitre sur les vitraux un autre sur l'orfèvrerie et quelques encarts traitant de sujets particuliers tels l'hérésie des cathares le palais des papes d'Avignon l'évolution de la ville ou le système scientifique au Moyen Âge complètent ce tour d'horizon. Au large ventail des thèmes étudiés correspond toute une palette d'illustrations la majeure partie des 780 reproductions a été spécialement réalisée pour cet ouvrage. Les textes ont tous été rédigés par des experts historiens de l'art.

L'influence des facteurs du milieu sur l'architecture

Roland Bechmann, 1978

Influences Gnostiques Et Cathares Sur Larchitecture Gothique Book Review: Unveiling the Magic of Language
