into the Native American Experience Against an unflinching backdrop of 1990s reservation life and the majestic spaces of the western Dakotas Neither Wolf nor Dog tells the story of two men one white and one Indian locked in their own understandings yet struggling to find a common voice In this award winning book acclaimed author Kent Nerburn draws us

deep into the world of a Native American elder named Dan who leads Kent through Indian towns and down forgotten roads that swirl with the memories of the Ghost Dance and Sitting Bull Along the way we meet a vivid cast of characters ranging from Jumbo a 400 pound mechanic to Annie an eighty year old Lakota woman living in a log cabin with no running water An unlikely cross between On the Road and Black Elk Speaks Neither Wolf nor Dog takes us past the myths and stereotypes of the Native American experience revealing an America few ever see **Cassell's Educator for the Young, etc. [Another edition of "The Child's Educator."]** John CASSELL,1865 *Dog Behaviour, Evolution, and Cognition* Ádám Miklósi,2015

This is the first book to collate and synthesize the recent burgeoning primary research literature on dog behaviour evolution and cognition The author presents a new ecological approach to the understanding of dog behaviour demonstrating how dogs can be the subject of rigorous and productive scientific study without the need to confine them to a laboratory environment This second fully updated edition of Dog Behaviour Evolution and Cognition starts with an overview of the conceptual and methodological issues associated with the study of the dog followed by a brief description of their role in human society An evolutionary perspective is then introduced with a summary of current research into the process of domestication The central part of the book is devoted to issues relating to the cognitive aspects of behaviour which have received particular attention in recent years from both psychologists and ethologists The book s final chapters introduce the reader to many novel approaches to dog behaviour set in the context of behavioural development and genetics This second edition recognises and discusses the fact that dogs are increasingly being used as model organisms for studying aspects of human biology such as genetic diseases and ageing Specific attention is also given in this edition to attachment behaviour which emerges between humans and dogs the importance of inter specific communication in the success of dogs in human communities and the broad aspects of social cognition and how this may contribute to human dog cooperation Directions for future research are highlighted throughout the text which also incorporates links to human and primate research by drawing on homologies and analogies in both evolution and behaviour The book will therefore be of relevance and use to anyone with an interest in behavioural ecology including graduate students of animal behaviour and cognition as well as a more general audience of dog enthusiasts biologists psychologists veterinarians and sociologists The Child's Educator; Or, Familiar Lessons on Natural History, Botany, Human Physiology and Health, Geography ...
