Title: Car track paintings

Written By: Anna Grebenshikoff

Story

Levi you had such a great time doing this car track painting! You pushed the little yellow car back and forth, back and forth, then you lifted the car up to look at the underside as if to say "How is that working?". You touched the paint on a number of occasions to reaffirm that there was something gooey on the wheels then went back to racing the car across your paper, watching in fascination as the tracks appeared!

Learning Analysis & Outcome Connectedness

By doing this art experience with today I have provided and opportunity for to follow and extend his interest in cars with enthusiasm, energy and concentration. **(Outcome Four)**

used his right hand to control the car on the paper; he touched the paint with his left hand.

Throughout this experience smiled and chatted away in his jargon, showing me he was able to confidently able to verbalise in his own way what he is seeing and touching. **(Outcome Five)**

Follow Up & Evaluation

I feel that enjoyed this art experience, and it was worthwhile with him being able to make and see the car tracks left behind on the paper. As a follow up to this experience I added some water to the sandpit and gave a range of different cars and trucks for him to make more tyre tracks with.
