 F, 2023-08-07 India a prominent country in the Asian continent has a long history of nursing care Basically one can
 understand that the approach to nursing profession has been improving as many young people take up the education in
 nursing profession as someone gets join in any other graduate program Florence Nightingale founder of modern nursing was
 the first woman to have great influence over nursing in India and had a close knowledge of Indian conditions especially in the
 army The literature says that in 1865 Nightingale drew up some detailed Suggestions on a system of nursing for hospitals in
 India Graduates were sent out from the Nightingale School of Nurses of St Thomas Hospital England to start similar schools
 in India St Stephen s Hospital Delhi was the first one to begin training the Indian women as nurses in 1867 Quality of
 education and clinical exposure to nursing students are also under constant updates in the country The reason for this
 change is that majority of nurses trained in India tend to move to countries abroad especially countries like Australia Canada
 USA UK and Europe too Better pay and working conditions are attracting many Indian nurses are also started moving
 towards the west specially countries like Germany Italy Austria Netherlands etc There are also changes in the formation of
 nurses in India that they are also upgrading the level of nursing education into a bachelor s degree As per the Indian nursing
 council notification from 2021 onward nurses will only be trained with a bachelor s degree B Sc in nursing Individuals need
 care and attention as long as they live On the one hand demographically population and human life expectancy are increasing
 and the care systems demands a lot of challenges and opportunities On the other hand experiments and the efforts to
 overcome diseases continue From the experiences from India it is interesting to know that many young minds take up
 nursing studies when compare to paramedical courses Nursing course is still the most likely job accelerated program in India

among all other medical allied courses other than the Bachelor of Medicine program **Progress in Mathematics Book for Class 1** Rashmi Katyal, Dr. S.B.D. Dwivedi, R.S. Dhauni, B.B.
