A STUDENT WORKTEXT

Don and Jenny Killgallon

Don and Jenny Killgallon's sentence-composing approach helps students in thousands of classrooms everywhere become more proficient, sophisticated writers. Now their highly effective method links good writing to that perennially troublesome subject—grammar.

Grammar for Middle School: A Sentence-Composing Approach gives students the chance to absorb and replicate the grammar used by some of the best writers of our times, including J. K. Rowling (*Harry Potter*), J.R.R. Tolkien (*Lord of the Rings*), and C.S. Lewis (*The Chronicles of Narnia*).

Fourteen grammatical structures are developed as writing tools in the same predictable, understandable manner, using the sentence-composing approach. For each structure, students will:

- ◆ learn a clear definition of its characteristics and function
- ◆ practice it through five guided sentence-composing activities
- ◆ cement their understanding through an independent creative writing activity.

Students and teachers will quickly discover how powerful the sentence-composing approach can be for learning grammar—and for building better sentences too.

extrapolate from his Soviet origins to the 21st Century world This consideration includes attention to the current context for literacy studies He then reviews current conceptions of literacy in the realms of reading writing and additional tool use grounding each in a Vygotskian perspective The book s final chapters take a critical look at both research method and the writing of research reports taking into account both research and research reports as social constructions based in disciplinary practices On the whole this volume makes an important contribution to Vygotskian studies and literacy research through the author s careful alignment between theory and practice
