Gramscis Democratic Theory Contributions To A Post Liberal Democracy:

Gramsci's Democratic Theory Sue Golding, Susan R. Golding, 1992-01-01 An in depth study of Antonio Gramsci's prison notebooks *Quaderni del carcere* and his specific contributions to radical democratic theory The book encompasses English Italian and French debates on the subject as well as political and philosophical discussions concerning the limitations of liberal and socialist democratic theory

Critique, Action, and Liberation James L. Marsh, 1995-01-01 Critique Action and Liberation is an original work in critical social theory that develops an approach to and method for social and political science Drawing on the work of Habermas Marcuse Adorno Offe Marx and David Harvey Marsh develops an ethics and a social phenomenology of the self as communicative subject He then advances an interpretation and critique of modernity late capitalism and state socialism

Unravelling Gramsci Adam David Morton, 2007-02-20 Powerful and clarifying The book's combination of careful argument and cogent illustration will make this a landmark volume in Gramscian studies John Agnew University of California Los Angeles and author of *Hegemony The New Shape of Global Power* Morton draws upon an impressive knowledge of Gramsci's writings to provide new insights into key processes in today's world order Anne Showstack Sassoon Emeritus Professor Kingston University and Visiting Professor Birkbeck College University of London *Unravelling Gramsci* makes extensive use of Antonio Gramsci's writings including his much overlooked pre prison journalism prison letters as well as his prison notebooks to provide a fresh approach to understanding his contemporary relevance in the current neoliberal world order Adam Morton examines in detail the themes of hegemony passive revolution and uneven development to provide a useful way of analysing the contemporary global political economy the project of neoliberalism processes of state formation and practices of resistance The book explores the theoretical and practical limitations of how Gramsci's ideas can be used today offering a broad insight into state formation and the international factors shaping hegemony within a capitalist framework

Democracy as the Political Empowerment of the Citizen Majid Behrouzi, 2006-01-01 This book along with its companion volume *Democracy as the Political Empowerment of the People* relates the democratic potential of the latest electronic technologies to the idea of direct participatory democracy Having clarified the original meaning of the idea of democracy this volume proceeds to develop a new theory of democracy Direct Deliberative e Democracy

History and Morality Donald Bloxham, 2020 Should historians make value judgements about the past Many historians think not but Donald Bloxham contends that it is legitimate often unavoidable and frequently important History and Morality illuminates how far tacit moral judgements infuse works of history and how strange those histories would look if the judgements were removed

Italian Rebels Raymond Angelo Belliotti, 2022-12-13 This interdisciplinary work philosophically analyzes the role of positive duties in moral theory the efficacy of theocratic republicanism viable strategies for political revolutions the implications of an enduring Sicilian ethos and the profits and perils of the individual community continuum in service of distinctive interpretations of the lives and ideologies of Giuseppe

Mazzini Antonio Gramsci and Salvatore Giuliano Il Risorgimento Italiano the national unification movement refers to the period from 1821 the initial unsuccessful Milanese and Piedmontese insurrections against Austria to 1870 the annexing of Rome into the Kingdom of Italy which itself was established in 1861 The movement and its aftermath hovered over the lives of the Genoese republican prophet of Italian liberation and unification the Sardinian communist political theorist imprisoned by The Black Shirts and the Sicilian separatist murdering and fighting for his life and the honor of his island By dissecting the lives and philosophies of Mazzini Gramsci and Giuliano by extracting moral political and existential lessons from their aspirations and enterprises by reflecting on their ideals from our divergent social context by evaluating their virtues and vices from a wider perspective we may confront the people that we are and reimagine the people we might become *The Power of Persuasion* Kirsten Kozolanka, 2007 Explores the relationship between the politics of the New Right the media and democracy Social Theory Re-Wired Wesley Longhofer, Daniel Winchester, 2013-05-13 This social theory text combines the structure of a print reader with the flexibility of an interactive website The reader includes original texts from classical and contemporary theorists as well as short synopses of key ideas and brief biographies of each theorist The website will contain a wide variety of innovative material that the instructor can use to tailor his or her social theory course including videos and animations discussion forums with webcam capabilities commentaries and summaries of key concepts including extended historical content exams and quizzes annotated selections from key readings classroom activities and links to supplemental texts The combination of a print reader and a modular online component will appeal to instructors looking to move parts of their course online or instructors already teaching in an online setting **Radical Heroes** Diana Coben, 2013-10-08 First Published in 1998 This book examines the ideas of two of the most controversial radical heroes of adult education Antonio Gramsci and Paulo Freire gauging their significance for the development of a radical politics of adult education in the post Soviet post apartheid new world order Gramsci offers a noble vision of the role of adult education in the creation of revolutionary Marxist hegemony but the cause he lived and died for has all but collapsed Nevertheless his distinction between common sense and good sense his theory of the intellectual and his concept of hegemony bear scrutiny today In Freire's pedagogy of the oppressed the relationship between leader and followed teacher and student is problematic and this book questions whether his pedagogy has the liberating potential he envisioned The author considers and rejects the linkage of Gramsci's and Freire's ideas in the adult education literature Nonetheless Gramsci and Freire have huge symbolic importance as radical heroes in an under theorized and marginalised field The study highlights a problem with the radical hero phenomenon when individuals become icons their ideas cease to be open and new insights do not emerge as challenge becomes inadmissible and debate dies While neither Gramsci nor Freire can provide us with answers Gramsci helps us address the difficult questions of purpose and content in the politics of adult education *The Ethics of Marginality* John Champagne, 1995 Is celebration of culturally marginalized people by the dominant culture actually benefitting those who are

oppressed Whose stakes are served in such a celebration and how are existing power relations altered These are some of the questions John Champagne asks in this original and timely critique which moves gay studies beyond both identity politics and the rights discourse within which much of contemporary gay studies is positioned Champagne argues that in the modern West culturally marginalized people such as gays cannot define and legitimate their own existence outside the framework established for them by the dominant group To illustrate his premise Champagne analyzes a number of recent films including Paris is Burning Urinal and Marlon Riggs 1989 video Tongues Untied along with gay pornography using the work of such critics of difference as Jacques Derrida Michel Foucault and Gayatri Spivak He calls on the marginalized individual to elaborate a practice of critical self conduct and to work to understand his or her own subjectivity as having been produced as an entity along a variety of different registers only some of which might be said to be marginalized The Ethics of Marginality situates itself at the intersection of English cultural studies film studies and gay and lesbian studies It offers a powerful critique of contemporary approaches to studies of the other while promising to establish a groundbreaking and controversial new theoretical model for such studies

Democracy and Revolution D.L Raby,2006-07-20 Is socialism dead since the fall of the Soviet Union What is the way forward for the Left This book argues that Cuba and Venezuela provide inspiration for anti globalisation and anti capitalist movements across the world Another world Is possible but only through an effective political strategy to win power on a popular and democratic basis D L Raby argues that the way forward for progressives is not the dogmatic formulae of the Old Left nor in the spontaneous autonomism of John Holloway or Tony Negri Instead it is to be found in new broad and flexible popular movements with bold and determined leadership Examining the relationship of key leaders to their people including Hugo Chavez and the Sandinistas in Nicaragua Raby shows that it is more necessary than ever to take power peacefully where possible but in all cases with the strength that comes from popular unity backed by force where necessary In this way it is possible to build democratic power which may or may not be socialist depending on one's definition but which represent the real anti capitalist alternative for the twenty first century

The Idea of Race Robert Bernasconi,Tommy Lee Lott,2000-01-01 A survey of the historical development of the idea of race this anthology offers pre twentieth century theories about the concept of race classic twentieth century sources reiterating and contesting ideas of race as scientific and several philosophically relevant essays that discuss the issues presented A general Introduction gives an overview of the readings Headnotes introduce each selection Includes suggested further readings

Mugabeism? Sabelo J. Ndlovu-Gatsheni,2015-12-26 What is distinctive about this book is its interdisciplinary approach towards deciphering the complex meanings of President Gabriel Mugabe of Zimbabwe making it possible to evaluate Mugabe from a historical political philosophical gender literal and decolonial perspectives It is concerned with capturing various meanings of Mugabeism

The Cultural Life of Intellectual Properties Rosemary J. Coombe,1998-10-13 An ethnography of intellectual property discussing the uses made of items of intellectual property by various cultural groups for purposes of

identity solidarity resistance and so forth

The Political Economy of the Egyptian Revolution R. Roccu, 2013-11-22

While the 2011 Egyptian revolution has already become the subject of much debate the roots of the socio economic context which made the revolution possible have seldom been explored Roberto Roccu addresses this gap and in doing this provides the first detailed study of the deeper causes of the Egyptian revolution Relying on an innovative understanding of Antonio Gramsci's thought He argues that economic reforms implemented since the late 1980s provided the conditions for both the emergence of a capitalist oligarchy within the regime and an unprecedented rise in socio economic inequality in society at large These two processes substantially eroded any remnants of hegemony leaving the Mubarak regime ill equipped to face the global economic crisis By alienating sections of the ruling bloc while impoverishing vast strata of the population neoliberal reforms provided a necessary although by no means sufficient condition for the Egyptian revolution to occur

Ella Baker's Catalytic Leadership

Patricia S. Parker, 2020-11-17 Ella Baker 1903 1986 was an influential African

American civil rights and human rights activist For five decades she worked behind the scenes with people in vulnerable communities to catalyze social justice leadership Her steadfast belief in the power of ordinary people to create change continues to inspire social justice activists around the world This book describes a case study that translates Ella Baker's community engagement philosophy into a catalytic leadership praxis which others can adapt for their work Catalytic leadership is a concrete set of communication practices for social justice leadership produced in equitable partnership with instead of on communities The case centers the voices of African American teenage girls who were living in a segregated neighborhood of an affluent college town and became part of a small collective of college students parents university faculty and community activists learning leadership in the spirit of Ella Baker

First World Petro-Politics Laurie E.

Adkin, 2016-01-01 First World Petro Politics examines the vital yet understudied case of a first world petro state facing related social ecological and economic crises in the context of recent critical work on fossil capitalism A wide ranging and richly documented study of Alberta's political ecology the relationship between the province's political and economic institutions and its natural environment the volume tackles questions about the nature of the political regime how it has governed and where its primary fractures have emerged Its authors examine Alberta's neo liberal environmental regulation institutional adaptation to petro state imperatives social movement organizing Indigenous responses to extractive development media framing of issues and corporate strategies to secure social license to operate Importantly they also discuss policy alternatives for political democratization and for a transition to a low carbon economy The volume's conclusions offer a critical examination of petro state theory arguing for a comparative and contextual approach to understanding the relationships between dependence on carbon extraction and the nature of political regimes

Activist

Science and Technology Education Larry Bencze, Steve Alsop, 2014-06-05 This collection examines issues of agency power politics and identity as they relate to science and technology and education within contemporary settings Social economic

and ecological critique and reform are examined by numerous contributing authors from a range of international contexts. These chapters examine pressing pedagogical questions within socio scientific contexts including petroleum economies food justice health environmentalism climate change social media and biotechnologies. Readers will discover far reaching inquiries into activism as an open question for science and technology education citizenship and democracy. The authors call on the work of prominent scholars throughout the ages including Bourdieu Foucault Giroux Jasanoff Kierkegaard Marx Nietzsche Rancière and others. The application of critical theoretical scholarship to mainstream practices in science and technology education distinguishes this book and this deep theoretical treatment is complemented by many grounded more pragmatic exemplars of activist pedagogies. Practical examples are set within the public sphere within selected new social movements and also within more formal institutional settings including elementary and secondary schools and higher education. These assembled discussions provide a basis for a more radically reflexive reworking of science and technology education. Educational policy makers science education scholars and science and technology educators amongst others will find this work thought provoking instructive and informative.

Public Secrets, Public Spaces Stephanie Donald, 2000. *Public Secrets* Public Spaces explores the possibility of symbolic public space in the context of Chinese cinema. Focusing especially on women children and the dispossessed Stephanie H Donald looks at the ways public space is constructed and occupied and how it interacts with public secrets. On the unstated common sense knowledges of everyday life extraordinary to those who are not initiated into the routines of a particular cultural place and space. In traditional societies public secrets are organized through observable ritual in modern societies they are embedded in the cultural discourse of the routine and the everyday. As we see in this perceptive book film offers a rich medium for unearthing these secrets.

Citizenship in the 21st Century Lester T. Kane, Marylyn R. Poweller, 2008. *Citizenship* is membership in a political community and carries with it rights to political participation. It is largely coterminous with nationality although it is possible to have a nationality without being a citizen and vice versa.
