Kate DiCamillo and Jeanne Birdsall **Desmenuzar el drama. Manual para dirección cinematográfica** Carlos Hugo
Gómez Oliver, 2024-04-09 Desmenuzar el drama propone una metodología para entender la dirección cinematográfica desde el
momento de concebir una historia en el caso de que el realizador sea a su vez el guionista o trabajar la historia de un tercero
para definir el modo en que la película será puesta en pantalla **A Life of Picasso II: The Cubist Rebel** John
Richardson, 2007-10-16 In the second volume of his Life of Picasso Richardson reveals the young Picasso in the Baudelairean
role of the painter of modern life Never before have Picasso's revolutionary vision technical versatility prodigious
achievements and not least his sardonic humor been analyzed with such clarity Hence his great breakthrough painting Les
Démocrates d'Avignon with which this book opens As well as portraying Picasso as a revolutionary Richardson analyzes the
more compassionate side of his genius The misogynist of posthumous legend turns out to have been surprisingly vulnerable
more often sinned against than sinning Heartbroken at the death of his mistress Eva Picasso tried desperately to find a wife
Richardson recounts the untold story of how his two great loves of 1915-17 successively turned him down These
disappointments as well as his horror at the outbreak of World War I and the wounds it inflicted on his closest friends Braque
and Apollinaire shadowed his painting and drove him off to work for the Ballets Russes in Rome and Naples back to the
ancient world In this volume we see the artist's life and work during the crucial decade of 1907-17 a period during which
Picasso and Georges Braque devised what has come to be known as cubism and in doing so engendered modernism Thanks
to the author's friendship with Picasso and some of the women in his life as well as Braque and their dealer D H Kahnweiler
and other associates he has had access to untapped sources and unpublished material In The Cubist Rebel Richardson also
introduces us to key figures in Picasso's life who have been totally overlooked by previous biographers Among these are the
artist's Chilean patron collector and mother figure Eugenia Errázuriz as well as two fiancées the loveable Geneviève Laporte
and the promiscuous bisexual painter Irène Lagot By harnessing biography to art history he has managed to crack the code of
cubism more successfully than any of his predecessors And by bringing fresh light to bear on the artist's private life he has
succeeded in coming up with a new view of this paradoxical man and of his paradoxical work Never before have Picasso's

revolutionary vision technical versatility prodigious achievements and not least his sardonic humor been analyzed with such clarity

A Life of Picasso Volume II John Richardson, 2011-09-30 John Richardson draws on the same combination of lively writing critical astuteness exhaustive research and personal experience which made a bestseller out of the first volume and vividly recreates the artist's life and work during the crucial decade of 1907-17 a period during which Pablo Picasso and Georges Braque invented Cubism and to that extent engendered modernism Richardson has had unique access to untapped sources and unpublished material By harnessing biography to art history he has managed to crack the code of cubism more successfully than any of his predecessors And by bringing a fresh light to bear on the artist's often too sensationalised private life he has succeeded in coming up with a totally new view of this paradoxical man of his paradoxical work Never before has Picasso's prodigious technique his incisive vision and not least his sardonic humour been analysed with such clarity
