

THE CREATIVE HABITS OF MIND WHEEL

HOW TO USE THE CREATIVITY WHEEL

You can do this exercise over a period of time – perhaps looking at one of the *5 Habits of Mind*.

Shade the segment of the circle that best represents your current ability in each *Sub-Habits of Mind*. The levels of ability grow in strength outwards from the centre of the wheel.

For example, as far as being *imaginative* is concerned, you may feel like your ability to use your intuition is just **beginning** whereas you are more **confident** in your ability in *playing with possibilities*. Be honest, reflect carefully and try to think of specific examples of evidence for each sub-habit before you identify your level of ability. Use the blank outer ring of the Creativity Wheel to write down your examples of evidence.
